## SEEK EARLY MEETING ON SUEZ DISPUTE

**BULLETIN**  
United Nations, N. Y. (AP)—The Security Council today recommended unanimously that Japan be admitted to the United Nations as its 80th member. The council's action opened the way for quick final action in the 79-nation General Assembly where approval was only a formality. The approval of Japan came after more than four years of waiting. The application, first submitted July 16, 1952, had been vetoed four times by the Soviet Union. The United States had been one of the strong backers of Japan's membership bid.

Paris (AP)—Western diplomats say Britain and France are seeking an early meeting with Egypt to settle the Suez Canal controversy. The two Western powers were said to have indicated clearly at the current NATO meeting here that they now will accept less than full international control of the waterway.

## Bell Telephone Co. Is Authorized To Increase Its Rates

Harrisburg (AP)—The Public Utility Commission today authorized the Bell Telephone Co. to increase its rates throughout Pennsylvania by \$13,477,898 a year, effective immediately. The boost represents a \$23,617,549 cut from the 37 million dollars originally asked by Bell last January.

The decision by the commission was unanimous. In effect, the action gave Bell only about one-third of the amount of increase it asked.

The telephone company was ordered to revise its rates before Dec. 26, retroactive to today, to reflect the lower amount of the increase.

Bell originally asked for increases ranging from 60 cents to \$1.35, for residential subscribers and from \$1.50 to \$3.00 for business telephones. The bill of 2,369,000 subscribers using 3,503,000 telephone lines will be affected by the increase.

## Planes Carry 200 Refugees In Spectacular Freedom Airlift

McGuire Air Force Base, N. J. (AP)—Four American military planes flew some 200 Hungarian refugees to the United States today in the start of a spectacular freedom airlift. The Military Air Transport Service planes arrived shortly after 10 a. m. and taxied up together to a receiving line of government and military officials.

The flights marked the beginning of the Air Force's "Operation Safe Haven", under which 9,700 refugees are expected to be brought here by Dec. 31. The rest will be brought by ship. The first group of passengers, who fled a homeland grown hostile to come to a new land grown so friendly that its military has pressed thousands of men into efforts to get them here, got a brief welcome.

## Name In Who's Who In Commerce and Industry

Arthur L. Chapman, above affectionately known among his host of friends as "Art", vice president of the Sylvania Electric, who resides at 17 Jackson street, is listed for the first time in the forthcoming edition of "Who's Who in Commerce and Industry", which (Turn to Page Twelve)

## Two Big Steel Companies Are Talking Merger

New York (AP)—Two of the United States' largest steel companies plan to merge despite notice by the Justice Department that it will move promptly to block the consolidation. The Bethlehem Steel Co., second in the industry behind U. S. Steel, and the Youngstown Sheet and Tube Co., sixth largest, announced yesterday an agreement under which Bethlehem would acquire Youngstown in exchange for Bethlehem stock.

In Washington, Atty. Gen. Herbert Brownell immediately said the Justice Department will take prompt action in the federal courts seeking to bar the proposed merger.

Justice officials declined to say in what city the action will be brought. The two companies said (Turn to Page Twelve)

## Employee of The Turnpike Commission Embezzler

Harrisburg (AP)—A long-time employee of the Pennsylvania Turnpike Commission was arrested yesterday and charged with embezzling \$9,930 in commission funds. Dep. Atty. Gen. Victor Wright said J. Franklin Oakes, Carlisle, a commission teller since 1940, turned himself in voluntarily to face the charge.

Oakes' action was the first notice anyone had that the money was missing, Wright said.

Wright said that Oakes' bonding company made restitution of the missing funds.

Alderman J. L. Maddon Jr. said Oakes was arrested on the basis of information sworn by Sgt. W. Stanton and Trooper Rufus Williams of the state police.

Wright said Oakes admitted taking the money from the cash entrusted to him over a two-year period.

## HAITI GRIPPED BY CONFUSION AND TERROR

By RELMAN MORIN  
Miami, Fla., (AP)—Terror and confusion swept Haiti today as a boiling political crisis—which the present regime says has been "aggravated by American government organizations"—headed toward a showdown.

The country is virtually paralyzed by a silent but deadly weapon, a mass sitdown, the refusal of thousands of persons to work.

Its object is to force bull-headed Gen. Paul E. Magloire to step out of the gleaming white palace in Port-au-Prince, the capital, and permit general elections for a new president.

It is cutting into the supplies of food from the countryside, closing stores, crippling transportation by starving gasoline stations.

The law courts have suspended, telephone communications are sketchy when they operate at all, and pistol-packing army officers are stationed in communications offices censoring all messages, press or personal.

Soldiers and sailors are patrolling the streets.

No Americans have been arrested so far as is known. But Paul Kennedy, correspondent of the New York Times, was hustled out of Haiti on six hours' notice without explanation. (Turn to Page Twelve)

## Officers Named By Brokenstraw Valley School Committee

Reorganization for the coming year was the principal business to come before the December meeting of Brokenstraw Valley Joint School Committee, with Ernest K. Oviatt elected president and Lyle M. Johnson, vice president.

Mr. Oviatt becomes the second president of the jointure, succeeding Edward B. Day, who has served continuously since the organization in May, 1949. Mr. Johnson succeeds Charles Camp as vice president.

The following members of the joint board have been elected by their respective districts to serve on the joint committee:

Brokenstraw township, Kenneth J. Franklin and Ernest K. Oviatt; Eldred township, Marshall Danielson and Charles Beers; Freehold township, Sterns M. Law and T. Sheridan Baker; Pittsfield township, Homer Wolfe and Charles Camp; Youngville borough, Wyllys V. Johnson and Lyle M. Johnson.

Routine business included approval of current bills amounting to \$8,453.28; also payment of state and national dues to the Pennsylvania School Directors' Association.

State laws regulating use and specifications for school buses were discussed, and a committee appointed to study the matter recommended proposed changes to be submitted to P. O. VanNess, executive secretary of the state directors' group.

Recommendations were submitted with the thought that the proposals may be influential in bringing about legislative changes relative to use and equipment of school buses in the state.

## President's Vacation In Dixie Nearing End

Augusta, Ga., (AP)—This is President Eisenhower's last full day of vacation plus work at this favorite Dixie retreat.

Tomorrow afternoon he will fly back to Washington, ending a 2½-week stay at the Augusta National Golf Club.

At the White House he plans to turn to intensive preparation for four days of talks starting Sunday with India's Prime Minister Nehru.

## Spectacular Fire Levels Hilltop Barn

This scene of total ruin greeted the Zimmerman family this morning. A spectacular blaze last night leveled the barn while hundreds of spectators flocked to the sight. Loss was estimated at \$35,000, including much new equipment only partially covered by insurance. At left are circular mounds of feed left when the wooden silos burned away. To the right is the milk house which had just had \$2,000 worth of equipment installed. Amid the center of the ruins is the tangled steel debris of a lost tractor and other valuable farm equipment. An estimated 3,000 bales of hay burned, plus several cows. Timesphoto by Jack Pedersen.

Hundreds of spectators were drawn last evening to a spectacular blaze which leveled the hilltop barn of R. E. Zimmerman above the State Hospital Farm along Conewango Avenue Extension. The red glow was visible for miles.

Russell and Glade Township Volunteer Firemen who answered the alarm estimated damage at approximately \$35,000 to equipment stored in the structure and to the barn itself which was about 70 feet long, 35 feet wide and 55 feet high.

Mr. Morrison was taken to Warren General Hospital and treated for smoke inhalation after he rescued 27 of the 32 Holstein cattle in the flaming structure. He and his son, who discovered the blaze in the second story were able to force most of the cattle to escape. Three animals were overcome by smoke and had to be shot.

Lost in the fire of undetermined origin were a Harvester tractor, a new 36-foot conveyor, a new chopper for a combine, new milk cooler and other farm equipment. The loss was only partially covered by insurance.

Blaze was discovered in the upper story of the barn shortly after 5 p. m. when young Zimmerman went upstairs for hay. With flames fanned by an uphill breeze, he and his father were able to save only the cattle before flames engulfed the structure.

Situated on a high hill in Pine Grove Township above the State Hospital Farm, flames from the fire licking high into the air drew hundreds of persons to the scene hampering efforts of firemen to reach the blaze.

Approximately 35 Russell volunteers plus 15 more from Glade Township fought the flames. The fire had already such a head start (Turn to Page Twelve)

## Boy Hunter Killed When Mistaken for a Deer

Barnesboro (AP)—A 16-year-old youth fatally shot another boy he thought was a deer while hunting yesterday near this northern Cambria County community, police reported.

State police said James Hanwell, 17, died several hours after being wounded in the abdomen by Leroy F. Keith. Both boys are from R. 2 Barnesboro but they were hunting separately.

Keith told police he fired three times at what he thought was a deer in heavy brush. On investigation he found Hanwell lying on the ground.

Coroner Joseph Govekar said no action would be taken against Keith pending a complete investigation.

## Eight Dead In Crash of Phillips Pet. Co. Plane

Bartlesville, Okla. (AP)—A Phillips Petroleum Co. airplane reported carrying eight persons crashed and burned south of here today.

There were no survivors and heat prevented an examination of the burning wreckage. The Phillips office said those aboard were A. M. Rippey, W. C. Reed, C. W. Binkley, George Sneed, D. F. Mayfield and T. D. Young, all company officials or employees, and Joe Bowers and R. E. Ulrich, pilots.

Organizations which responded yesterday were Brotherhood of Painters, Decorators and Paper Hangers of America, Local Union 1137, Halgren-Wilcox Post 658 at Youngville, Gerda DeForest Class at First Presbyterian church, Warren Elk Lodge 223, Warren Grange 1025 and Dorcas Bible Class at First Lutheran church. And other donors continue to help the rehabilitation fund. Latest contributor list: Paul Swanson, \$1.00; Mr. and Mrs. C. W. Zinger, \$5.00; Brotherhood of Painters, Decorators and Paper Hangers of America Local Union No. 1137, \$25.00; Halgren-Wilcox Post No. 658, American Legion-Youngville, \$50; Cash, \$2.00; The Folks From Echo Hill Farm, \$5.00; Gerda DeForest Class, First Presbyterian church, \$10.00; L. C. Ziegler, Endeavor, Pa., \$5.00; Warren Lodge Elks No. 223, B. F. O. E., \$25.00; Anonymous, \$5.00; Warren Grange No. 1025, \$10.00; Dorcas Bible Class, First Lutheran church, \$5.00; Cash, \$2.00. Envelopes may be sent to the Times-Mirror.

## THREE MORE NATIONS BACK U. N. RESOLUTION AGAINST RED TAMPERING IN HUNGARY

United Nations, N. Y. (AP)—The Soviet Union formally laid before the U. N. General Assembly today a complaint charging the United States with "subversive action" in the Soviet-dominated countries of Eastern Europe.

The move came as delegates to the 79-nation Assembly rallied behind an American-backed resolution condemning Russia for tampering in Hungarian affairs.

Specifically, the Soviet delegation proposed that the Assembly add to its agenda an item entitled: "Intervention by the United States of America in the domestic affairs of the peoples democracies and its subversive activity against those states."

Such charges had been made by the Russians in previous sessions of the Assembly and rejected as unfounded.

Three more sponsors—Spain, Turkey and Colombia—threw their support behind the resolution to condemn Russia, bringing the total sponsorship to 20 countries.

The 20 sponsors met last night to discuss a companion resolution entered by India and her three closest Asian allies—Burma, Ceylon and Indonesia. The Asian proposal omits actual condemnation of Russia. But U. S. Chief Delegate Henry Cabot Lodge Jr. told his cosponsors it was noteworthy in that it implied a strong rebuke.

Lodge was slated to take the floor late today to analyze the Asian proposal. It would have U. N. Secretary Dag Hammarskjöld negotiate with both Hungary and Russia for withdrawal of Soviet troops from Hungary. The Budapest regime already has ignored or rejected four previous Assembly resolutions calling for admission of U. N. observers and withdrawal of the Russian forces.

Informed sources said the 20 sponsors of the U. S. proposal agreed to drive for a quick vote on their own resolution and then to suggest a paragraph by paragraph ballot on the Indian proposal. This would leave the Assembly free to select whatever parts it wanted.

General resentment over Hungary's flouting of the Assembly took a sharp turn after Foreign Minister Imre Horvath stalked out of the assembly yesterday, declaring his government had been "disgracefully offended" by U. N. fellow members. The anger mounted as three other Soviet satellites—Bulgaria, Albania and White Russia—chorused Moscow's claim that the United States and other Western powers had touched off the Hungarian revolt and were responsible for that country's present plight.

Kadar sent his security police and Soviet occupation troops to break up workers' demonstrations. The puppet Premier vowed that, having defeated his foe militarily, "we will also defeat them politically." (Turn to Page Twelve)

## Still No Trace of Missing T-C Airliner With 62 Persons

Vancouver, B. C. (AP)—Leads fizzled out and new ones took their place in rapid order today as the hunt continued and hope dwindled for the 62 persons who vanished aboard a Trans-Canada Air Lines plane Sunday night.

Varying reports received by Royal Canadian Air Force officials directing the search were painstakingly investigated. Two reports of lights sighted on mountains in the area where the plane last was reported approximately 100 miles east of here were quickly discounted by the RCAE last night.

Later, the rescue officials said they were attempting to verify a report by a young boy he had seen pieces of wreckage from a plane near Vedder crossing. The boy said the wreckage was six miles west of Chilliwack and about 70 miles east of Vancouver.

This region is one of three near which flashing lights were reported seen about the time the plane disappeared on an eastbound flight.

## Forest Service Plans Series of Stations for Sampling of Snow

Forest Supervisor E. M. Bacon today announced that a conference was being held in Warren to establish a series of snow sampling stations in the Allegheny National Forest. In order to coordinate work now being done by the Army Engineers and to insure maximum value to those who might use the data, representatives of several agencies participated in the discussions and field trip. These included Henry Rockwood of the U. S. Weather Bureau, in charge of the Federal-State Flood-Forecasting Service at Pittsburgh; George E. Terney, Hydrology Section, Corps of Engineers, Pittsburgh; and Howard Lull of the Northeastern Forest Experiment Station at Upper Darby.

Mr. Bacon stated that one of the basic considerations in the establishment of the Allegheny National Forest was the protection of the watershed of the Allegheny River. Permanent and continuing records of snow depth and water content within the national forest will provide important data on variations from year to year, beneficial effects of forest cover and properly managed woodland areas, and valuable information to the Federal-State Flood-Forecasting Service which is charged with predicting floods.

It is hoped that these initial surveys can form the basis for an expanded research program in the field of watershed management in this area. Such studies are already in progress elsewhere in several Forest Experiment Stations. Mr. Bacon stated that one of the

## Youngsville Club Planning Party For Hundred Children

Details concerning the annual Christmas party for underprivileged children of the community, slated for December 18, occupied the 34 members of the Youngsville Kiwanis Club attending last night's dinner-meeting in the Methodist church dining room.

After Ed Turchan had called for a special meeting of the party committee, to follow the evening's meeting, Deac Lay announced the Halgren-Wilcox Post, American Legion, will share with Kiwanians in financing gift purchases for underprivileged children this year.

Metro Teconchuk announced 87 children already pledged to attend the function and asked that 13 more be invited to meet the total set at 100. Before the meeting ended, these names had been added to the youngsters' roster of guests and success of the affair was assured.

Rounding out the preliminary plans, John Kirk asked for a show of hands of all who would bring two dozen cookies for the party refreshments.

Ed Turchan expressed thanks to the Rev. J. N. Holder and Russell Duino, who provided transportation Tuesday for a group of Future Teachers of America members who observed classes and toured Edinboro State Teachers' College.

Henry Kurtz, new member of the club, was formally inducted by Don Abraham.

Waide Ingols announced wedding anniversaries of the month included the following Kiwanians: Hugh Sherwood, Rev. Holder, E. Leo Johnson, and John Pederson.

The evening's program consisted of a pleasing group of familiar carols sung by the Junior High School chorus, under the direction of Harvey Horn.

Pastor C. J. Franzen, who had given the dinner invocation, concluded the evening with pronouncement of the benediction.

## Commission Sets Regulations For 1957 Fly Fishing

Harrisburg (AP)—The State Fish Commission has set up a uniform set of regulations which will apply during the 1957 season to all waters set aside for fly fishing in Pennsylvania.

William Voigt Jr., fish commission executive director, said yesterday the plan will do away with "a wide variety" of special regulations that were enforced in 1956 on portions of 15 trout streams and two lakes.

Voigt said the new plan was recommended by the commission's Law Enforcement Division and fisheries managers.

The uniform regulations call for:

1. Fishing limited to artificial flies and streamers only.
2. Possession of bait fish and fish bait illegal.

3. Fishing hours: 5 a. m. to 9 p. m. (EST).
4. Minimum size: 9 inches.
5. Daily creel limit: 6 trout, combined species.

## MARINES TO MEET

Further plans for the annual Marine Christmas Ball at Marconi Outing Club December 25 will be worked out at a meeting of General Joseph Pendleton Detachment at the VFW post rooms at 7:30 p. m. Thursday. This annual holiday event is open to all friends of the Marine Corps League and will feature George Johnson and his Men of Music for dancing starting at 9:00 p. m. Christmas Night.

## Letters to Editor

Letters to the editor must carry the complete name and address of the writer as an evidence of good faith. If possible they should be typewritten, preferably double spaced and on one side of the paper. Pen names will be permitted at the editor's discretion. Letters of less than 250 words will be given preference, and all letters are subject to condensation and editing. Letters containing obvious misstatements or lacking in good taste and fair play will be rejected. All letters will be considered the property of the newspaper.

Ed. C. Lowrey, Editor  
Warren Times-Mirror  
Warren, Pa.

To the "Irate Teen-ager" quoted in Monday's issue, I'd like to say if he and the rest of his gang haven't anything better to do in school than plan a "gang war" it's time they were given something to fill their craniums so they wouldn't get so "bored" with everything, including their teachers and Warren in general, that they have to indulge in fights to work off excess boredom. If this teen-ager and his gang doesn't like Warren and thinks it is such a bum town, there ARE worse places, why don't they go elsewhere?

Do these kids realize what it costs these citizens (whom he so brazenly maligns) to give them the opportunities of education that they have right here? Do they realize that many of the older citizens of this town and every town walked miles to school—a one-room school at that—and had nothing but "the three R's" to keep them from boredom? No ball games, no track meets, no dances, no work-shop training, no driver schools. In the olden days, boys got their exercise carrying in wood, building fires, sweeping out schoolhouse, pumping and carrying in drinking water for the school of 30 or 40 kids.

When I hear a 16-year-old blow off steam like this, I'd give a lot if it were possible to set him down in the average school of 50 or 75 years ago. I'd like to see him holler and holler and keep him shut up in one of those one-room schools for the next ten years.

Trouble with these kids is they've had too much, been catered to by teachers, parents, everybody! "Oh, yes, tax the citizens and tax them again 'cause we much have better schools for our children" so say some who can see no fault in their own offspring.

Those of you citizens who have read this "Irate Teen-ager's" gripe, what do you think of it? This is the soil from which "juvenile delinquency" and criminals spring. Warren has been fairly free from such scourges, but we better "watch our step" and tell these kids there are some others who have a few rights in this old world.

"SANE CITIZEN"

December 11th

Mr. Ed Lowrey,  
Editor, Times-Mirror.

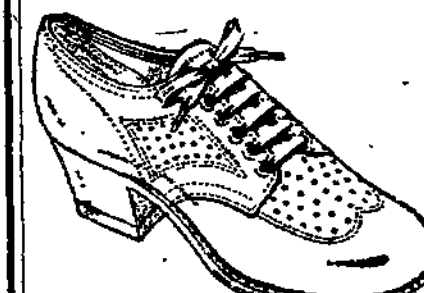

Dear Sir:

Your "Irate Teen-ager" letter has provoked a lot of thought and many comments. As far as I can see there is no simple answer. But it made me think of something which I read last year around this time. Catherine Marshall in an article in one of the popular magazines said to parents—"This year why not give your family the gift of time?" "We're all caught in the rush, and I don't mean just at Christmas. Recalling the catch phrase which was perhaps overworked during the War—"Is this trip necessary?"—I wonder if we parents might ask ourselves now and then, is this club, party, meeting or whatever mad whirl really necessary? Or would a little more time at home with our families pay better dividends in the long run?

Sincerely,  
LAURA HARPER

IN APPRECIATION  
I wish to thank all my friends and relatives for cards and flowers, also the hospital staff for kindnesses shown me while in the Warren General Hospital.

## Pleasant Firemen Elect Officers At December Meeting

Highlight of the regular meeting of Pleasant Volunteer Fire Department held last evening in the club rooms was election of the following officers for the coming year:

President, Palmer Davis; vice president, Herbert Wentz; secretary, Bud Sherman; assistant secretary, Pat Dorrance; treasurer, Charles Webster; five year trustee, Glenn Elliott; chief, Clair Wilcox; first assistant chief, Myron Rapp; second assistant chief, Walter Kitzinger; captain, Bob Hennessy; lieutenant, Art Check; engineer, Paul Kitzinger. Ebert Clark was appointed to the position of instructor.

Representatives from Young Fire Equipment Company and Four Wheel Drive Truck Company were present and discussed equipment manufactured by their firms.

Leo Schuler's name was called for the attendance award, but he was not present. Reports of the activities committees were favorably reported on; progress of the building improvement was reported. It was authorized to use facilities of the fire building in the event of Civil Defense need.

In conclusion, a lunch was served by Pat Dorrance and Myron Rapp.

## Men's Bible Class Chooses Officers

Russell—The Men's Bible Class of the Methodist church held their annual turkey dinner at the church Saturday evening, with 33 persons present. Charles Pearson, Donald Pearson and Stanley Pearson were the committee for the dinner arrangements.

During the business session, officers for the new year were elected as follows: President, Donald Pearson; vice president, Benton Barstow; secretary, Gerry Briggs; treasurer, Clyde Briggs; teacher, Donald Fehman. For the program, Sgt. Joe Garland, recruiting officer for the Marine Corps at Warren, showed three films, "Chaplains of the Pacific," "Chaplains of the Pacific," and "Chaplains Aboard the Ship"; remarks were heard from Rev. C. C. Headland and a former teacher, Victor Granquist.

## OBITUARIES

FUNERAL INFORMATION WILL BE FOUND UNDER ANOTHER HEADING

**MAYNARD G. SULLIVAN**  
Services in memory of Maynard G. Sullivan, Youngsville, were held at that place at 1:30 p. m. Sunday, the Rev. F. Eugene Donelson officiating. Serving as bearers for interment in Youngsville IOOF cemetery were Paul Lucas, Victor Enos, Ross Ackers, James Wolfgang, Richard Moll, and Norman Smith.  
Included in the large number in attendance were relatives and friends from Warren, North Warren, Bradford, Allegheny, Jamestown, Chancellors Valley, Sugar Grove, Pittsfield, Russell, and Westfield.

Mr. Sullivan was born in Youngsville July 12, 1918, and lived all his short, but well-spent, life in that community, excepting only the three and one-half years he served with the 389th Infantry, United States Army, during World War II.

The many friends who called and the beautiful flowers were tribute to the respect in which he was held by all who knew him. He will be greatly missed at the Penn Furnace and Iron Company, where he had been employed as an

electric welder for the past 16 years.  
Surviving are his mother, Mrs. Rose Sullivan; three brothers and six sisters: Willis, Jerald and Clarence Sullivan, Mrs. William Darling, Mrs. Clarence Walter, Mrs. Emerson Henry, Mrs. Robert Caldwell, and Mrs. Walter Teydus, all of Youngsville, and Mrs. Edward Voty, Russell. Also sharing in this bereavement is his fiancée, Miss Helen Fleming. His father preceded him in death in February, 1951, and his youngest brother, Ralph F. Jr., was killed June 15, 1953, in the Korean campaign.

In attendance from away were

**GEORGE O. FERGUSON**  
Funeral services were held at 2:00 p. m. Tuesday for George O. Ferguson, 216 Main street, Clarendon, who died Saturday. The rites were conducted by the Rev. Charles C. Mohney, pastor of Clarendon Methodist church, and the following served as bearers for interment in Warren County Memorial Park at Starbuck: Harry Ferguson, Ray Harriger, Merle Dahl, Dale Meddock, Chester Kyler and Hyatt Meade.

In attendance from away were

## University Admits Responsibility For Fish Destruction

University Park (P)—Pennsylvania State University officials today took "strict and effective" steps to prevent any further stream pollution such as that which recently destroyed some \$100,000 worth of trout in Centre County.

Shortly after the school heads yesterday took "full responsibility" for the Nov. 30 destruction of 176,000 trout through accidental poisoning, Dr. Eric A. Walker, university president, said in a statement:

"We are taking steps to see that strict and effective procedures are

set up to prevent any reoccurrence of this kind."

An earlier university statement said that an investigation started by Dr. Walker uncovered the poison discharge into the university's sewage treatment works.

### CARD OF THANKS

We wish to express our heartfelt appreciation for the many acts of kindness, cards, floral offerings, and use of cars during the passing of our loved one.

The family of Lucia E. Browne.

## Municipalities Protest Tax Assessment Slashes

Pittsburgh (P)—A compromise proposal aimed at settling appeals by six Monongahela Valley communities against a tax assessment slash favoring U. S. Steel Corp will be presented soon to Allegheny County commissioners.

The Board of Property Assessments, Appeals and Review said yesterday the six municipalities and their school boards agreed to the proposal which would resore 28 per cent of the estimated 176 million dollar assessment cut.

Homestead, West Mifflin, West Homestead, North Braddock, Rankin and Duquesne earlier in the year protested the assessment cut on the steel firm's property in Monongahela Valley. They said they would suffer heavy tax losses. The county joined in the appeal. The tax board said it would recommend approval of the revision by the county commissioners.

## THE DIFFERENCE

Says the New York Times:

The conifers, the evergreen trees that came into their own in the woodland when the oaks and maples shed their leaves, will soon come into the house as holiday decorations. They are as traditional as holly, mistletoe and tinsel.

Of the evergreens in our area the pines, the firs, the hemlocks and the spruces, all natives, are most used for decoration. The differences between them, particularly between the pines and the other three, are easy to see. Pines have long, slim needles that grow in clusters with a papery sheath. Firs, hemlocks and spruces all have short needles that grow singly. Some pines have needles a foot or more long, but the needles on our natives are seldom more than three or four inches, and the longest of them are on the white pine. There they grow in groups of five; on other pines they grow in clusters of only two or three.

Spruces, hemlocks and firs are not so easily distinguished from each other. Spruce needles are about half an inch long, four-sided, and grow at random around the twigs. Fir needles are also four-sided and less than an inch long, but they appear to grow in parallel rows on the twig and often point upward. Hemlock needles are flat, half an inch long, and make feathery twigs the needles growing on opposite sides like the vanes of a feather. Hemlock cones are less than an inch long. Fir and spruce cones are as much as six or seven inches long; but fir cones stand up on the branches, and spruce cones hang down, pendent.

All of them, the pine, the fir, the spruce and the hemlock, have a pungent, resinous fragrance. And all of them partake of the holiday traditions, the green memories we all cherish.

## ELECTORAL COLLEGE

The election of Dwight Eisenhower as president and Richard M. Nixon as vice president at the polls last month will be made official when the Electoral College will meet on Monday, December 17th, to ratify the results.

As the Associated Press says in a dispatch from Harrisburg Pennsylvania's electors will meet at the capital and cast the state's vote in a solemn ceremony that is steeped in a tradition the details of which very few citizens understand. Electors of other states will meet in their various capitols on the same day for similar ceremonies. Members of the college will cast separate votes for Eisenhower and Nixon. Then the vote will be certified to be sent to Washington to join the Electoral College vote of other states and territories. Pennsylvania Republican electors pledged to cast the state's vote for Republicans Ike and Dick include George W. Alexander, of Clarion.

The procedure for election of the President and Vice President by states through the electoral college was laid down in 1804 by the 12th amendment to the U. S. Constitution.

The number of electors coincides with the total representation in Congress, 30 members of the U. S. House of Representatives and two U. S. Senators.

On the morning of the election, Gov. and Mrs. Leader will be hosts to the members of the electoral college at the executive mansion.

Then they will go to the Senate chamber where the college will be convened at noon by Henry E. Harner, secretary of the Commonwealth.

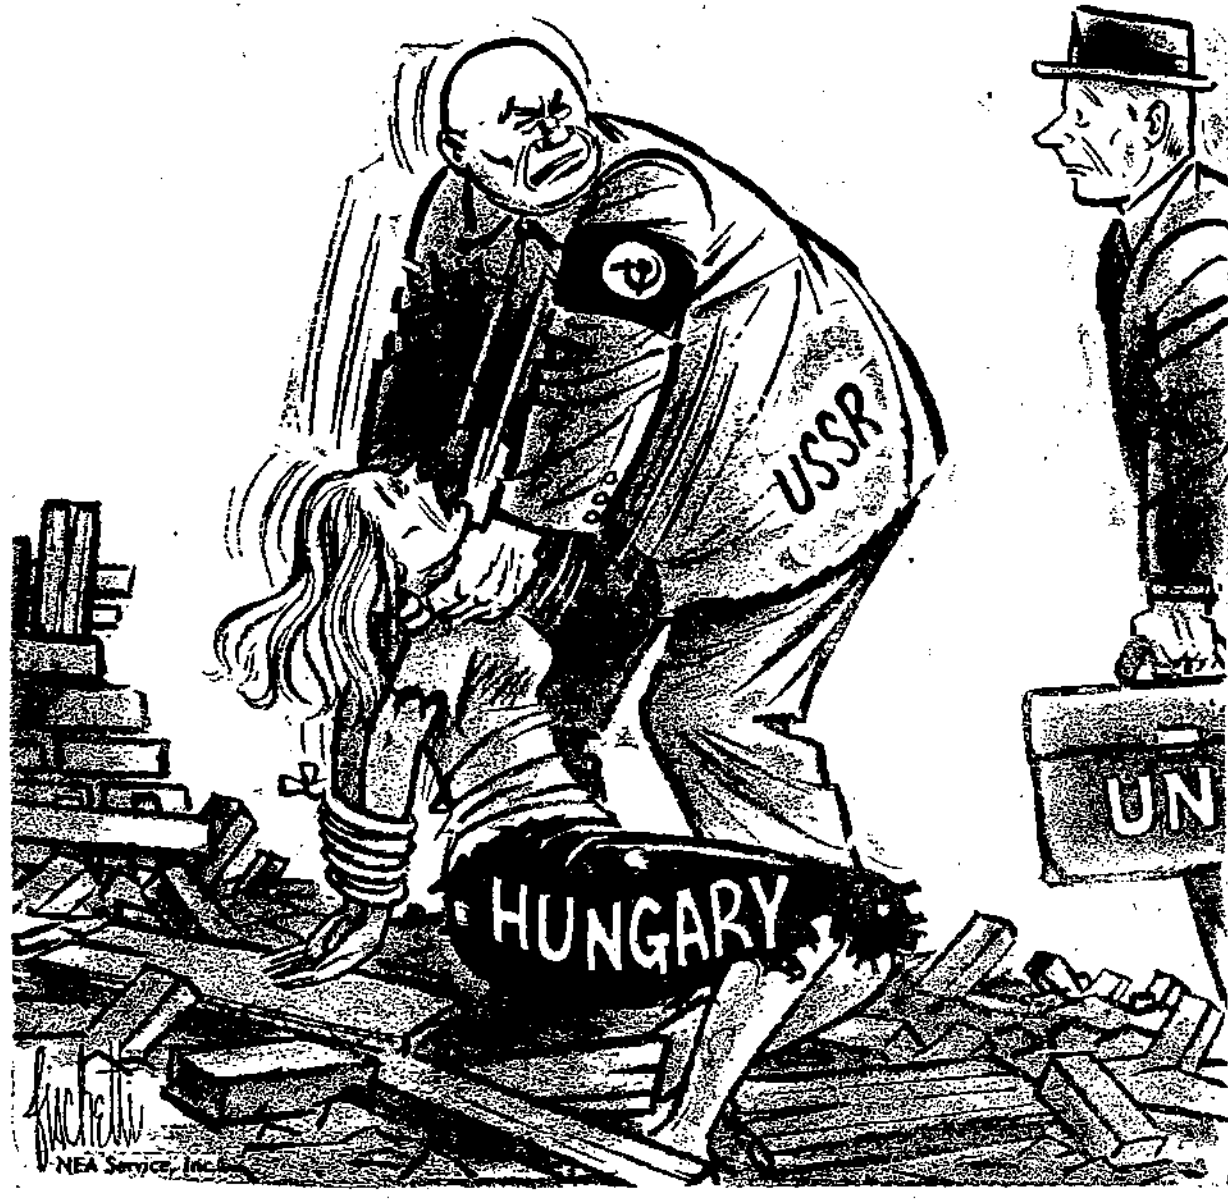

Many of the retail stores in the borough will observe "Stag Night" by remaining open from seven until nine o'clock this evening, for the convenience of "male shoppers," and from past experiences it is anticipated they will be well patronized. It is also noted that at least one establishment is advertising "Children's Night!" No better time for men of the area to complete their Christmas shopping!

## THOUGHTS FOR TODAY

For riches are not for ever: and doth the crown endure to every generation?—Prov. 27:24.

Of all the riches that we hug, of all the pleasures we enjoy, none are more out of this world than out of a dream.

## "Beat It--Can't You See I'm Busy?"

## Here and There

There's good news for lovers of tradition—and for Santa Claus, too. Despite the blockage of the Suez Canal, there will be a plentiful supply this Christmas of Golden Hallowi dates from Iraq, the world's leading producer of all varieties of dates. It was announced today by A&P Food Stores. From the land once called Mesopotamia, dates now being packaged in consumer sizes in an A&P plant in Buffalo started their long journey before the international troubles that blocked the canal with sunken ships. Hardy because of their sugar content, the dates take more than a month to travel from Basra downriver, through the Persian Gulf, Gulf of Oman, Indian Ocean, Red Sea, through the Suez Canal, then the Mediterranean, across the Atlantic to New York, then to the Buffalo pre-pack plant which supplies A&P stores in this region.

Have an interesting letter from our old friend, associate in civic activities, and subscriber Charley

Cannon, who left around the turn of the year to accept a lucrative position with a metal furniture company at Norristown, after many years of service with the De-Luxe Metal as chief engineer. He has a host of friends in and around Warren, as well as the Legion Posts in the district, who will be glad to get this first-hand information about how things are going with him in his new environment.

Norristown, Penna.,  
December 10, 1956

Dear Ed:  
I would like, with your kind permission, to let you and my many friends know "how it is with me."

First of all, I enjoy my work. I am out of the constant "rat race" of engineering in connection with production, and using knowledge I have stored up during many years, to plan the arrangement and processes in a brand new factory building. It may sound like a

wide departure from what I did in Warren, and it is, but I did similar work in 1922 and 1923. What is more logical than to plan a metal furniture factory?

The housing situation is no better, nor worse than in Warren. There are lots of apartments and "row houses," most of them very old; and lots of new houses, way out and only for sale. Since we expect to return to Warren in a few years we wanted to rent. After Mrs. Cannon and my niece who lives near here, were ready to settle for a tent, we did find a very comfortable house, with plenty of room. We are in Norristown, right across the street from the high school, three blocks from a big shopping center, two blocks from two churches, two blocks from the zoo, and one block from a nice clean tavern. The address is 1539 Markley St., and the welcome sign is out for any of our friends.

Lots of things are different here. Warren county has 40,000 people with lots of room; clean, quiet and more or less orderly. Montgomery county (Penna.) has 457,000 people allowing each other for a little space and making no little disturbance doing it. And everyone, going anywhere rushing like mad to get there first, without knowing why. So far, I think, I have been able to retain the calmness and serenity that goes with a small city. Also, much more of the "seamy side of life," especially in Philadelphia. A thoroughly carved up human being rates less publicity here than a thoroughly wrinkled auto fender does in Warren.

The weather is something different too. The cold west and north-west storms that hit Warren are pretty well warmed up by the time they get here. So far, we have had no snow and only a few nights below freezing. I hear a very little snow really tangles things up here.

Well, I still live in Pennsylvania, but I rather feel that I have moved to "the other side of the tracks."

C. D. Cannon

## ★ WASHINGTON COLUMN ★

## Guided Missile Pioneers Finally Get Recognition

BY DOUGLAS LARSEN  
NEA Staff Correspondent

WASHINGTON (NEA)—The U. S. Navy is at long last paying due honor to the pioneers who developed history's first true guided missile and used it in combat.

These men are finally being given the awards and decorations recommended for them at the close of World War II for their effort which led to the successful use of their revolutionary weapon against the Japanese.

Leader of the group was Commodore Oscar Smith, now retired at Virginia Beach, Va. He is receiving a Gold Star. So are Capt. Robert F. Jones, who is now with the Chrysler Corp.'s missile division, and Rear Adm. Del Fahney, retired.

Lt. Cmdr. John E. Burrell and William C. Bailey are getting bronze stars. And letters of commendation are being given to Lt. Cmdr. Fred Wallace, Lt. Wm. C. M. Bowlin, Cmdr. Stephen E. Jones and Cmdr. G. E. Merrill. Those are World War II ranks. Most of the men are retired and scattered around the U.S.

They are truly the Billy Mitchells of the guided missile.

THE STORY of the 11-year fight for proper recognition of their historic accomplishment is almost as dramatic as the difficulties they overcame in getting their weapon into combat.

Five times since the war the Navy reviewed the award recommendations. Each time the forces within the Navy which had opposed the missile project from its inception in 1939 succeeded in getting the awards quashed.

Finally, when the present Assistant Secretary of Navy Albert Pratt heard of this affair he ordered a fresh look at it. As a result the Navy board of awards has approved the honors.

The missile which they developed was a small, pilotless plane with a television eye in the nose. It was controlled by a "mother" plane flying behind it. The idea was to load it with high explosives and fly it into a target.

The more progress that was made with the missile—surrounded by security equal to that of the A-bomb—the more opposition to it grew.

IT WAS A CLIQUE of naval aviators who fought it, probably because it was the first step toward taking the pilot out of the airplane. There's no point in naming names at this late date.

In spite of the opposition of the aviators, Oscar Smith and his men managed to get their missile in action against the Japs for a month, at a remote section of the far-flung Pacific front. Their success was great, even though they never had targets worthy of the missile's capability.

In spite of this success, Smith's missile project was killed and the results bottled up in secret files until the Korean war. At the end of the Korean fighting a version of the T-vyed missile was unveiled.

However, the brief flash of publicity it received failed to stir the Navy into giving recognition. This had to wait three more years.

THE GERMAN V-1 and V-2 weapons went into action about the same time Smith used his missile against the Japs. But the German weapons were not "guided" in the modern concept of guided missiles.

The real loss was the severing of continuity of missile development. There's no telling how far ahead this country would be in missiles today if Smith's work had been permitted to continue its

### Parent Uses Self-Imposed Suffering to Get Submission

BY MRS. MURIEL LAWRENCE

SOMETIMES Mrs. Boyd's son, away at college, lets five days go by without writing her. Then she writes him like this: "Darling Russ—Is something wrong? If so, let Mother know. It's a week since I heard from you. Last night I never closed my eyes, worrying about whether you were all right."

This letter will stimulate Russ's sense of obligation to his mother. It will make her unnecessary, self-imposed insomnia seem to be his fault. He will not think, "Nonsense. I owe Mother nothing for her decision to stay awake all night. It was foolish, putting no joy in my heart, no money in my bank account." Russ, just as his mother wishes him to, will accept her sleepless night as a favor to him.

MRS. BOYD is a mother who uses suffering to control her children. Her "worry" over Russ is a carefully calculated exchange of suffering for his submission to her. She hasn't any idea that this is true. She doesn't know that she suffers over him to make it impossible for him to ever say, "No, Mother."

But the strength of her wish to control him is exposed in the acuteness of her disappointment whenever he makes a decision she doesn't like—when he spends a weekend with his roommate's family instead of coming home; when his letters are short, not reporting all his doings; when he shuts the hall door on telephone conversations with girls.

At these efforts of Russ to gain some control of his own life, his mother feels exactly like a cheated tradesman whose customer has refused to pay his bill.

Is it her wish to dominate him that makes her dangerous?

No. Most of us "sacrifice" so much more for children than we want to that the wish for a compensating control of their lives is almost inevitable. No—what makes Mrs. Boyd's wish so deadly is the appearance of devotion she gives it. She wants not only to dominate, but to do it in the religious glow of the saint's stained glass window.

It is very hard for sons to secure manhood from mothers who disguise their domination as goodness and suffering. People who are concerned for the manhood of American boys get furious at mothers like Mrs. Boyd.

(All rights reserved, NEA Service, Inc.)

readings, and music centered around the Nativity.

Colored slides showed scenes at the mission in Farmington, N. M., where Miss Doris Bloomster is a teacher. Many interesting activities and human interest stories in the lives of the Navajo Indian children were portrayed.

Refreshments in keeping with the season were served from tables beautifully decorated with greens and candles and the large group attending praised the work of the combined committees in presenting this outstanding affair.

Julius Caesar imported the first giraffe to Europe in 46 B. C. It was exhibited in Rome.

## Combined Circles Have Party At Grace Church

Fellowship Hall of Grace Methodist church was the scene of a lovely Christmas meeting Monday evening, when members of five different circles, Doris Bloomster, Mary Harwood, Edna Sexton, Myrtle Beck and Hannah Gallagher, assembled for a combined gathering.

A very impressive program was presented by candlelight, the worship center depicting the Manger Scene. The devotional period was in keeping with the season, and the traditional Christmas carols.

# Betty Lee presents galore for the one you adore men's night—to-night—7 to 9 p.m.

fun for all --- helpful clerks --- bright lights --- refreshments --- music --- large selection

every woman likes to look glamorous (especially for you)

## Parent-Teacher Unit To Entertain for Children

Members of St. Joseph's Parent-Teacher Unit, attending last night's meeting in the school hall, completed arrangements for the Christmas party to be given for the school children at 7:00 p. m. Thursday, December 20.

Each mother was asked to donate one dozen cookies for the refreshments, also to provide a 50-cent gift for each child she brings, marking the name plainly on the outside. During the business session, Eugene Williams spoke briefly concerning the Community Council's Scholarship Fund; Tom Ressler reported on the very successful turkey project conducted, extending his thanks to all who helped and especially to the Warren Super-Market and Al Minelli.

For the program, Miss Sallie Weiler gave an entertaining talk on her travels to Holland as Community Youth Ambassador, illustrating with interesting slides.

To conclude, refreshments were served from a table beautifully

decorated with candles and miniature Christmas trees.

### SUPPER-RECEPTION HONORS YOUNG COUPLE

Mr. and Mrs. Harry A. Logan, Sr., and Mr. and Mrs. John P. Wendell gave a beautifully-appointed supper party and reception at the Conewango Valley Country Club Sunday evening honoring Mr. and Mrs. Harry A. Logan, Jr.

Club and table appointments were done in a striking gold and white theme, and guests included Mr. Wendell's parents, Dr. and Mrs. James Wendell, Pottstown.

The younger Logans, married in August, are residing at Testa's, the Logan farm home on Jackson Run road.

### CHRISTMAS PARTY

Ladies Aid Society of the Methodist church in Tiona will hold its annual Christmas party in the church Friday at 12:30 with a tureen dinner and a 50-cent gift exchange. Members are also reminded to bring an item for the Sunshine Basket.

### YMCA MOMS' CLUB

The meeting rooms at the YMCA have been transformed to a holiday theme by addition of gay Christmas decorations for the Mums' Club meeting at 8:00 p. m. Thursday, when business will be dispersed with quickly and the evening turned over to fun and fellowship. Mrs. Mary Tansky and her committee have planned refreshments: Caroling will be a feature of the evening, and mystery surrounds the novel method of distributing the 50-cent gift exchange which each member is reminded to bring.

### CHRISTMAS TEA

Mrs. Dave Fernow, East street, was hostess for a delightful Christmas tea for members of Young Mothers' Study Club, inviting Mrs. James Torrance and Mrs. Neil Culbertson to preside at the beautifully-appointed table. Assisting the hostess as committee members were Mrs. Milton Dahler, Mrs. John Lasher and Mrs. Robert Wilder.

Mrs. Catherine Armstrong and baby boy, Youngsville.

## BIRTH RECORD

In Miami, Fla.

Mr. and Mrs. Robert McDannel, Northwest 38th street, Miami, Fla., are parents of twin boys, weighing in at seven pounds each, born December 10. The couple also has two other children. The mother is the former Gretchen White, daughter of Mr. and Mrs. Ben White, Starbrick, and the father is the son of Mr. and Mrs. Perry McDannel, Pleasant township. Mrs. McDannel is in Florida to spend some time with them.

The Junior Chamber of Commerce is organized to conduct projects that better the company and give young men 21 to 35 years of age opportunities for leadership training.

## CHRISTMAS PROGRAM AT WSCS MEETING

A very appropriate program is planned for the December 15 meeting of First Methodist WSCS, to be held at 8:00 p. m. in Dunham parlors. Both Dr. A. C. Schultz and Mrs. Florence Stevens will sing several Christmas selections; Mrs. Margaret Wright will read a portion of Peter Marshall's "Let's Keep Christmas", and there will be group singing of Christmas carols.

Mrs. Byron Knapp will be the worship chairman and hostesses for the evening will be the Francis Ashbury Circle, with Mrs. Glenn Elliott and Mrs. Esmond Koebley as co-hostesses.

## GOLDEN AGE GROUP

Members of the Golden Age Society enjoyed their regular meeting at the YWCA activities building Monday afternoon, with a large attendance.

Following a delicious tureen dinner, gifts were exchanged and group singing was enjoyed. Karen Hannold and Barbara Schwab favored with several accordion selections to conclude a pleasant afternoon.

A feature of the noontime Birthday table was a lovely centerpiece presented by Gorton's Flower Shop.

## CHILDREN'S AID BOARD MEETING

The December meeting of the Children's Aid Society board of directors was held at 10:00 a. m. Tuesday, with routine business followed by planning for a meeting at 2:00 p. m. Monday, December 17. At that time, board members will consult with Miss Mildred Frank, of the Family Service Association of America.

A report on progress of the Happiness Fund to date indicated a generous response by the community to this opportunity for Christmas-giving.

## IS CLUB HOSTESS

Lander—Mrs. Paul Lindell entertained Friendship Club of Russell at her home Friday evening, with 11 members attending. A pleasant social time followed a one o'clock tureen luncheon. A collection was taken and supplemented from the treasury to make a gift of \$10 for the Ed Stokes Fund.

Next meeting of the group will be the annual Christmas party at the home of Mrs. Harry Pearson Thursday evening, December 27, with a 50-cent gift exchange.

(P) Means Associated Press

MRS. GLENN HAROLD FARR

A candlelight ceremony at 8:00 p. m. December 7 in Bethel Evangelical United Brethren church

united in marriage Gladys Lorraine, daughter of Mr. and Mrs. Clifford L. Rapp of 80 Glade avenue, and Glenn Harold Farr, son of Mr. and Mrs. Harold Farr, 411 Lincoln avenue.

The Rev. Vincent Rothwell officiated for the double ring service before an altar setting of rhododendron, twin baskets of white mums, and candelabra. Mrs. Jean Fitzgerald was at the organ for the wedding music.

Carrying a cascade arrangement of sno-drift pom poms and white roses, the bride wore ballerina length tulle and lace and a veil of imported silk illusion attached to a bandeau of pleated tulle and pearls. The basque-style bodice of her gown featured a scalloped sabrina neckline and long sleeves pointed over the hands, while applied lace godets enhanced the bouffant skirt.

Given in marriage by her father, she was attended by Ann Barrett, who was gowned in American Beauty red velvet, cut on princess lines, with sabrina neckline and ballerina length skirt. A matching headband completed her outfit and her flowers were a cascade of sno-drift pom poms and red garnet roses.

William Myers served Mr. Farr as best man; ushers were the bride's brother, Glenn Rapp, and the bridegroom's brother-in-law, William Mullen of Erie.

Wearing pink garnet rose corsages, Mrs. Rapp selected teal blue taffeta and black accessories and Mrs. Farr chose navy accessories with powder blue lace and crepe.

Following the church ceremony, the reception was held in the Glade township fire hall, the guest list of 140 including relatives and friends from Jamestown, N. Y., Pittsburgh, Titusville, Erie, and DuBois. Encircled with springerle, a five-tiered wedding cake was decorated with hearts and a nosegay of red garnet roses and white pom poms, while an arrangement of red and white pom poms graced the center table.

For a Canadian honeymoon, the bride traveled in a beige wool dress, accented with black accessories. Returning, the couple will reside at 205 East street.

The bride, a 1953 graduate of Warren High School and 1956 graduate of Allegheny General Hospital, Mr. Farr, employed by Sylvania, was graduated from WHS in 1949 and from Grove City College in 1954.

The bride-elect was honored with a kitchen shower given by her grandmother, Mrs. Mary L. Rapp, and her aunt, Mrs. Orvette Lord; a personal shower for which her maid of honor was hostess; and a miscellaneous shower given by Mrs. Ethel Sherwood.

CLASSIFIED ADS accepted until 11 a. m. on day of publication.

## Ruth Millett

### Most Wives Equipped With Instinctive Lie Detector

A CHICAGO business executive recently agreed to his wife's request that he take a lie detector test to prove he had not been associating with other women.

His wife promised to drop her divorce suit if he could pass the test.

The interesting thing about this little story is why any wife would need to depend on a machine to determine whether or not her husband was telling her the truth, the whole truth and nothing but the truth.

Most wives seem to have their own built-in lie detector machines. They unerringly tell them whether or not the men are being straightforward or trying to put something over.

These work partly on women's well-known intuition, partly on their keen powers of observation. Add also their private-eye techniques and the willingness of their friends to report posthaste anything they see or hear regarding a husband's behavior.

### THE WIFE KNOWS THE SCORE, ALL RIGHT

WITH all these factors working for her, a wife may pretend not to know what is going on. But when her husband steps from the straight and narrow she usually knows very well.

A little checking, a few well-aimed questions, a hint or two from friends, a warning signal flashed by her feminine intuition and a wife knows the score.

That's probably the reason why a wife's insisting on her husband taking a lie detector test is unusual enough to get into the news. Most wives don't need any help from a machine in determining whether or not their husbands are telling the truth.

(All rights reserved, NEA Service, Inc.)

## Mirrored in Our Times

Despite all warnings, it just doesn't seem possible that Christmas is so close at hand! . . . and even though the weather at times isn't conducive to getting out and completing the shopping list, the downtown section seems extremely active as lists are filled for the happy holiday.

There are folks who have the job all done—the cards in the mail—the packages on the way and the gay wrappings all on. Yule trees are ordered—lighting fixtures tested and the menu planned. But others are really only in the early stages of plotting. No matter which category seems to fit your situation, don't delay—honor the 1956 Christmas seals today. Help fight TB and mail your contribution. Use the sales, too—to remind others of the great strides being made against the disease.

If you've already decided to give "her" a practical gift this year, why not add a smaller gift that is completely frivolous and a bit luxurious? If you're giving the "white" Christmas with an automatic washer; dishwasher or any of the other wonderful modern homemaker devices—be sure to tuck in an extra offering to reassure her of her complete femininity—make it fragrant—personal and meaningful. Select perfume and cologne—a breath of Paris itself.

Right at the last minute—The Warren Drug Store has a limited supply of Lanvin's exquisite "The Gift Set"—beautifully packaged and bound to thrill. A purse dispenser of perfume—a bottle of toilet water, "Arpege" at \$5.50; "My Sin" at \$5.00. Lucky the lady who finds it gaily wrapped under her tree this year—even luckier the man who's thoughtful enough to give it!

As far as we were concerned the "Victor Borge Comedy Hour" was a howling success—some of his patter we had heard before—but laughed just as heartily as we did the first time. As for the Liberator bit—we hope few missed it!

In the midst of holiday frenzy—the lady of the house will probably be checking to see if Pop's dress clothes are in order—there are several festive affairs on the social calendar and if not white tie and tails, at least a dinner jacket will be called for. How's the dress shirt? the tie? jewelry? black socks? You'll please him by making sure that he's ready for the party and it may help you to solve a gift problem at the same time—dress accessories are always welcome.

used to be that the first anniversary was designated by paper—now it's clocks; steel on the 11th anniversary has become fashion jewelry; the former tin and aluminum on a 10th year—now is diamond, jewelry; the china 20th of the past today is platinum. Porcelain and furniture are denoted modern and silver holloware is also listed.

Hope you're seeing a wonderful time in your homes soon—don't leave too much for the last minute and have fun.

## WSCS MEETING

Russell—WSCS members of the Methodist church held their regular meeting in the community house, with a noontime tureen dinner in charge of Mrs. Bert Strong; Mrs. Elsie Putnam and their committee in charge.

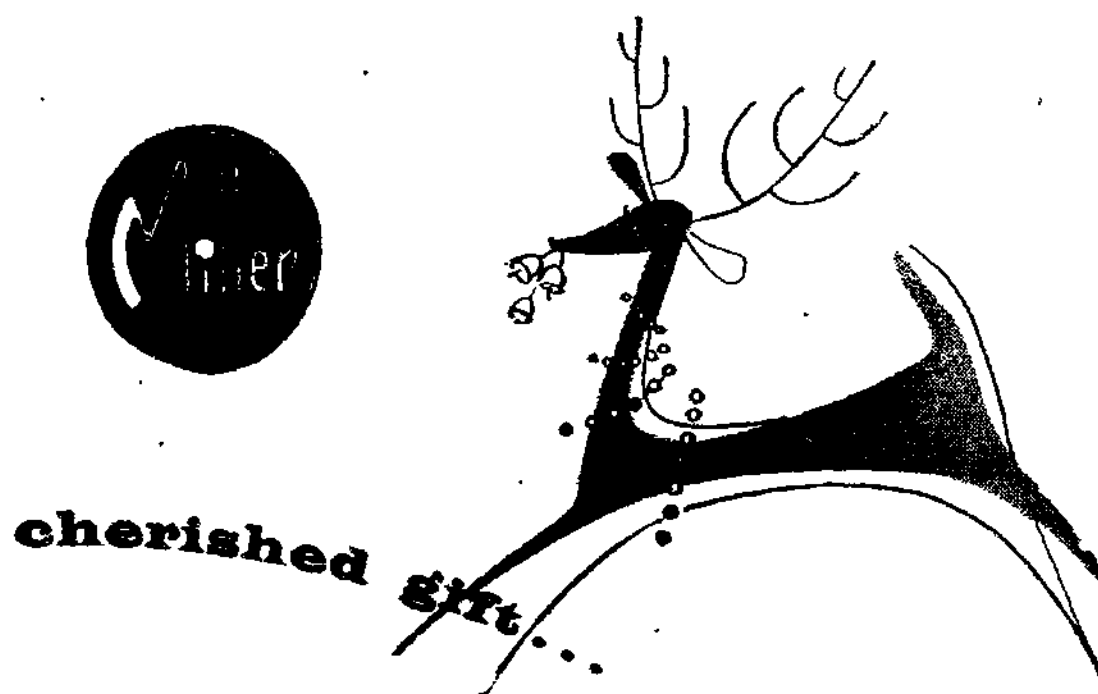

Mrs. Elmer Swanson presided in the absence of the president; Rev. Gustav Erickson conducted as the traditional. Some of the devotions and talked briefly on changes are fairly extreme. Christmas. The sunshine commit-

tee, Mrs. Fred Ludwick and Mrs. Allan Lindell, will have charge of packing Christmas baskets. Mrs. Fred Ludwick gave a reading, "The Legend of the Poinsettia", and an exchange of gifts concluded the meeting.

**LYDIA CIRCLE**  
Members of First Baptist Lydia Circle will meet at 1:30 p. m. Thursday at the home of Mrs. A. R. Peterson, 19 Hertz street, and all are reminded to bring their Gift Boxes.

### WARREN BOY CHOIR of PENNSYLVANIA

The tenth anniversary of the Boy Choir will be observed with a public Christmas Carol Concert this SUNDAY, DECEMBER 16, 1956 in GRACE METHODIST CHURCH, WARREN, PA. No admission charge—everyone is invited—offering will be taken.

4:30 P.M.

Two Performances

7 P.M.

To avoid conflicting with other local activities this Sunday, the Boy Choir will sing two one hour concerts, afternoon and evening. If unable to hear the Choir at 4:30, come in the evening. If evening church services interfere, be sure and attend the afternoon performance.

Here's What One New York Critic Said:

"... a superbly schooled group of young singers . . . almost incredible perfection of tonal balance . . . without the slightest hint of forcing, his group woffs graceful and transparently sonorous music across the footlights, phrasing easily and flexibly, enunciating the words with unselfconscious refinement, and, in general, providing thorough musical pleasure."

# SOCIETY

**HAPPY ANNIVERSARY**—Mr. and Mrs. Ralph C. Brown, 111 Center street, were honored guests Saturday night for a happy family gathering which marked their 35th wedding anniversary. Held at old Oakview Tavern, the affair was attended by the couple's nine children: Harold, Bill and Franklin, of Warren; Bob, also of Warren but presently stationed at Quonset Point, R. I.; Elizabeth Buzzard, Lakewood, N. Y.; Barbara Blum, Irvine; Ruth Eggleston and Susan Brown, Sugar Grove; and Beatrice Bines, Busti, N. Y. Ralph Clyde Brown and Rose Agnes Giegerich were married in Warren 35 years ago and spent their entire married life in this community. Mr. Brown has been a long-time employee of Walker Creamery Products Company. (Photo by Stokes).

**OFFICERS ELECTED AT MISSIONARY MEETING**  
At a recent meeting of Miriam Missionary Society of St. Paul's Lutheran church, the following officers for 1957 were chosen:  
President, Mrs. C. Walter Johnson; vice president, Mrs. Albert Anderson; secretary, Florence Bogen; financial secretary, Mrs. Raymond Danielson; program chairman, Mrs. Carl Lundahl; mission tidings secretary, Mrs. O. A. Peterson.  
Boxes of Blessing and birthday envelopes, Mrs. Carl Berglund and Mrs. O. R. Stromdahl; pianist, Mrs. Charles Johnson; assistant pianist, Mrs. Harry Cromwell; hostess, chairman, Mrs. Emmet Ecklund; nomination committee, Mrs. Harold Nelson, Mrs. Robert Carlson; auditors, Mrs. T. K. Larson, Mrs. Creed Buckson.  
After completing routine and yearly business, Mrs. Harold Nelson, program chairman, presented the following program: Reading, Christmas in 1884, Dora Johnson; talk, Albert Mattison.  
Lunch was served from a table beautifully decorated in a Swedish motif by the hostesses, Theresa Swanson, Mrs. Carl Lundahl and Mrs. Gust Uhr.

Especially at Christmas

every woman deserves a CROWN

**NORTH WARREN CIRCLE PLANS**  
Thursday will again be a busy day for circle members of North Warren Presbyterian church, with the following gatherings reported:  
Mary-Dalrymple Circle at 1:00 p. m. at the home of Mrs. Ralph Newhall, each one to bring a turron and table service for the luncheon.  
Also at one o'clock, members of the McCormick Circle will be entertained at the home of Mrs. Kermit Larson.  
Sarah Buck Circle members will gather at the home of Mrs. William Lightner for an 8:00 p. m. Christmas party, each to bring an exchange gift, not to exceed 50 cents.  
Laura Hottel and James E. Hazeltine Circles will meet at the church at 6:00 p. m. for a Christmas turron dinner.

**CHRISTMAS PARTY**  
The annual Christmas party of Win One Class of Clarendon Methodist church was attended by 17 persons. Devotions were conducted by Mrs. Mary Campbell on the theme "The Hope of Christmas", as given in the December Reader's Digest.  
Following the business session, games were enjoyed, gifts exchanged and lunch served by the hostesses, Mrs. Ethel Bullock and Jane Nelson.

**BETHEL WWS MEETING**  
WWS members of Bethel EUB church will hold their regular meeting at the church at 7:30 p. m. Thursday and a large turnout is desired. Mrs. Margaret Johnson and Mrs. Merle Eames will be program leaders, with Miss Sallie Weiler, Youth Ambassador, as guest speaker. Hostesses for the evening will be Mrs. Marjorie Werle, Mrs. Ethelyn Collins, Mrs. Ruby Sperry and Miss Pat Sperry.

**BUY U. S. SAVINGS BONDS**

The toys under this year's Christmas trees will reflect the way that America lives as they never have done before. A child's love of imitation can be safely satisfied with toys that teach and are fun, too. Ingenious new doll stroller (left) for little sister converts into an auto seat and a doll swing, combining three toys in one. New eight-inch dolls with "rooted" hair that can be shampooed are every bit as fashionable as their larger sisters of last year. They have complete wardrobes (upper right) sealed to size. New electric mixer (lower right) is powered by a flashlight battery. Will whip up pretty toppings for soups or puddings. Every part is safety-engineered and the head of the mixer tilts back.

# Service for Mailing Personal Letter in Parcel Post Package Explained by Federal Official

Acting Postmaster General Maurice H. Stans explained today to postal patrons the use of the new economical "Combination Mail" service for mailing a personal letter or message inside a parcel.

Explaining that many people are unaware that a violation of postal regulations is involved if first-class letters are enclosed within a parcel without the payment of additional postage, Mr. Stans noted that Combination Mail service provides a method of mailing such letters within parcels.

In Combination Mail, the postal patron is permitted to combine one class of mail with another class.

Here are some of the most common examples of how Combination Mail may be used:

1. A first-class letter in a parcel post package.
2. A first-class letter inside a third-class parcel (one weighing up to 8-ounces and containing printed matter or merchandise).
3. A first-class letter enclosed within a piece of second-class matter—such as a personal letter mailed inside a magazine.

When mail of one class is enclosed within another the patron merely has to indicate on the outside that an enclosure is made.

For example, when a letter is enclosed within a parcel post package, he should mark on the outside wrapper of the package "First Class Mail Enclosed".

In such a case, he will pay the parcel post postage plus the cost for the enclosure. If the parcel costs 20 cents and the letter weighs an ounce, or less he will thus pay a total of 23 cents.

There are no forms and no red tape of any kind connected with Combination Mail, Mr. Stans pointed out.

However, where mail of two different classes are sent together and the proper postage is not paid as provided by Combination Mail, the entire package becomes subject to a higher postage rate. For example, in the case of the 23-cent parcel post package containing the 3-cent first-class letter, the whole assembly—parcel and letter—would become subject to first-class postage for its entire weight. This additional postage is collectible from either the sender or the addressee as postage due.

"We are calling especial attention to this matter now," Mr. Stans commented, "for the convenience and guidance of postal patrons in their Christmas mailings".

at C. BECKLEY

THE CHRISTMAS GIFTS THAT ARE REALLY APPRECIATED

**Sunbeam AUTOMATIC COFFEEMASTER**

Makes 1 to 10 perfect cups of coffee every time. Correct water temperature, agitation and brewing time controlled automatically. Solid copper vessel for most efficient heat conduction. Nickel and chrome plated for lasting beauty. Will not corrode.

**Sunbeam TOASTER**

**Sunbeam RADIANT CONTROL** gives uniform toast whether bread is thick or thin, frozen or fresh, rye or white.

**Sunbeam STEAM OR DRY IRON**

Exclusive "Steam Flow Vents" let you iron on all over cushion of rolling steam for faster, better ironing than ever before.

**Sunbeam WAFFLE BAKER & GRILL**

Only the Sunbeam operates with Radiant Control. That's why it makes BOTH perfect waffles and grilled sandwiches, as well as bacon, eggs, pancakes, etc.

## Housing Head Goes To Bat for More Homes in the USA

St. Louis (P)—Albert M. Cole, administrator of the Housing and Home Finance Agency, said "we have now reached a point where we must not risk a continued drop-off in the availability of home financing."

Cole declared it's his belief the government must act affirmatively to see that housing production is protected.

"In short, it is time to go to bat for housing," he said. "And as housing administrator, it is my intention and my responsibility to be the leadoff man in the batting order."

His remarks came in a speech prepared for a general session of the National Assn. of Real Estate Boards.

"It is time to go to bat," he said, "for a sufficient flow of our savings into the home mortgage market to sustain a level of more than a million units of housing production."

"It is time to go to bat for the people who need and want better homes, and can pay for them if they can get the financing."

Cole said specific lines of action can't be offered now which will "clear all the clouds away in one breath. And I may say that the questions are not limited to those raised here and elsewhere about the interest rate on government backed mortgages."

"But there is a responsibility in the government—and particularly in a period of overall tight controls over the money market through the Federal Reserve Board—to provide essential support to sustaining the flow of housing credit in order to keep the total economy in balance."

Cole said that even with financing problems, the 10-month total this year of new housing starts is about 973,000—and that makes probable some 1,100,000 new units for the entire year.

"The potential market for new homes in 1957 is certainly not below that figure," he declared. "I believe the prospects for realizing that potential are good."

The administrator said there would be no cause for serious concern "if the situation gave evidence of being self-correcting, if we knew that the decline in the supply

of mortgage funds had run its course and we could look forward to more favorable money market conditions in 1957," but such is not the case.

### Area Chamber of Commerce To Participate in Pa. Industrial Development Assistance Act

The Warren Area Chamber of Commerce took action last night to participate in the Pennsylvania Industrial Development Assistance Act which permits matching grants for county-wide development organizations. The Chamber board of directors approved a recommendation of the local Industrial Development Committee that the Chamber of Commerce qualify itself with the state government so that the funds could be obtained when needed.

The purpose of the Industrial Development Assistance Act is to provide, from the Commonwealth, a part of the funds necessary for research, planning and promotional activities relating to local development on a county basis.

One industrial development organization in each county may receive as an outright grant a part of the \$1,000,000 fund appropriated to the Pennsylvania Department of Commerce for this purpose, provided that the designated industrial development organization matches the Commerce Department grant.

In order for the Warren Area Chamber of Commerce to become eligible for the matching funds, it must be designated by the Warren County Commissioners as the organization representing the entire county under this program. It is then necessary that the governing bodies of townships, boroughs or cities representing a total of 50% or more of the 1950 population of the county concur in the resolution.

Neil Culbertson, Chamber president, said that approval forms will be sent immediately to the Commissioners and other governing bodies in the county for their action. He said that the funds could be used in various ways including surveys and studies of data pertaining to our natural resources and raw materials, engineering surveys and planning of industrial districts, preparation of maps and aerial views and many other activities that would prove to be

useful in the overall promotion of the development and expansion of commerce and industry in our area.

Members of the Industrial Development Committee in Warren are Lloyd Cleveland, W. F. Clinger, Donald Conaway, George Geracimos, Allen M. Gibson, C. L. Hundenach, Guy O. McKinley, A. L. Rasmussen, Harry Segel, Don C. Smith, Dan Troxell, Ed C. Walker, William E. Yeager and Charles McMullen.

In other action last evening a nominating committee to select candidates for next year's board of directors was appointed as follows: A. L. Rasmussen, chairman, Clifford R. Betts, and F. E. Kieshauser.

Stanley Doeblner, chairman of the special airport committee, told the Board that his workers are now contacting local business firms to raise a portion of the money needed to repair the strips at the local airport in the west side of the borough. Between \$4,000 and \$5,000 has been guaranteed to the borough by the Chamber committee to pay for half the cost of repairs.

The Board accepted three new members into the Chamber: Hanson Hardware, 213 Pennsylvania avenue east; Try-M Finance Company, 210 1/2 Liberty street; and Warren Manufacturing Company, Starbuck.

Robert Anstadt, chairman of the annual banquet scheduled for February 5, 1957 reported to the Directors on plans for this affair at which Dr. Kenneth McFarland of Topeka, Kansas will be the main speaker.

Clifford Johnson, reporting for the Transportation Committee, brought the Board up to date on the fight to keep Route 6 on the Interstate System and said that additional data was being gathered to submit to the Bureau of Roads in Washington showing the importance of Route 6 to the northern tier of the state.

### HIGH SCHOOL NEWS

All high school students are asked to keep in mind the annual Snowball dance to be sponsored by Student Council December 15. Bill Dobbs' band will provide music for dancing in the gym from 8:30 to 11:30 p. m. and there will be refreshments. Admission is free.

Tickets for the annual Y-Teen Belle Ball, slated at the YWCA activities building on December 22, may be obtained from Ann Wendelboe, Sue Sasserson, Brenda Minnis, Pat Duffy, Barb Berlin, Carol Van Blois, Nancy Schmitz, Barb Morrison, Carolyn Anderson and Marilyn Haer. Tickets for this semi-formal Christmas event are \$2.50.

Spanish and German classes have been singing carols in their study languages.

The Diagonette salesmen are busy taking orders in home rooms. This will be the Christmas issue, featuring the Carol Festival, Christmas editorials, also interviews with cheerleaders. Copies of this school newspaper sell for 10 cents.

Rifle Club will not fire on Beaty range this Thursday but will hold its regular session there next Monday.

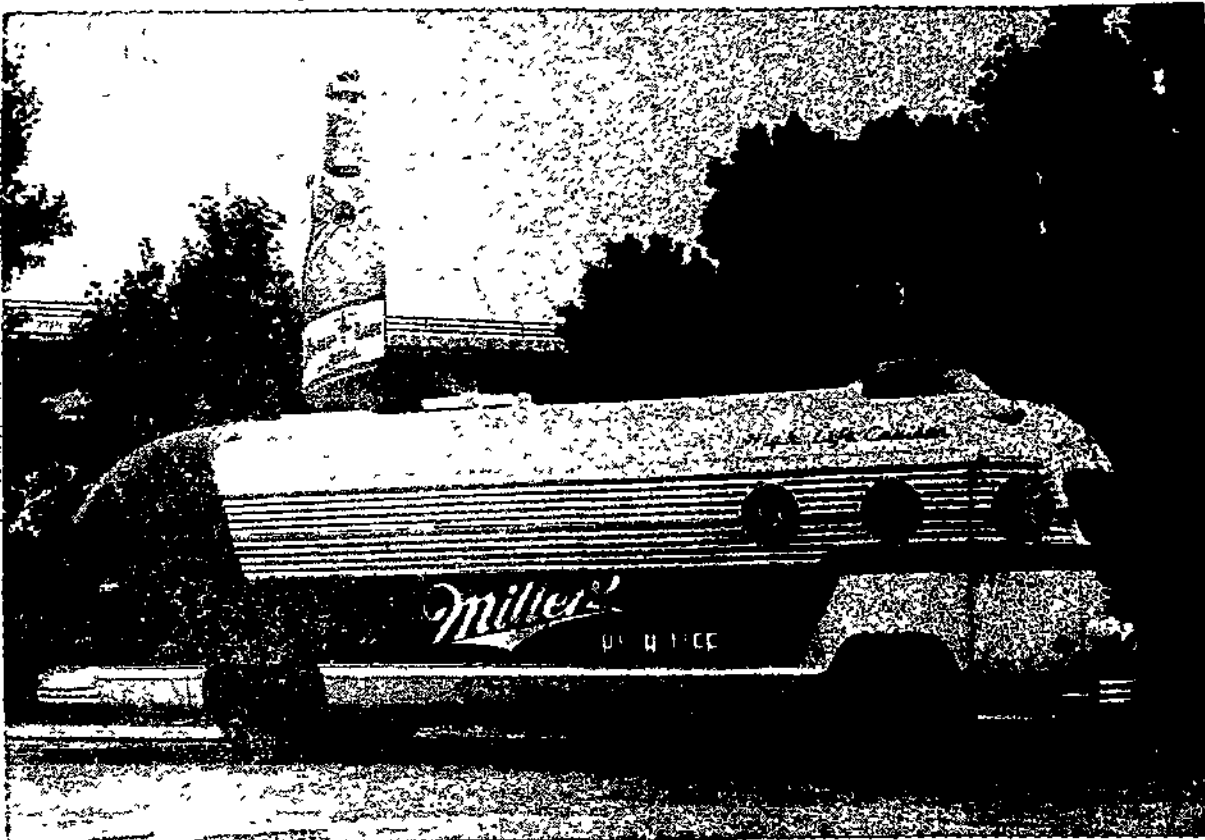

German Club will have its Christmas party at 6:30 this evening in the YWCA, the event to be highlighted by a visit from Santa Claus, singing of German Christmas carols, and an exchange of 25-cent gifts.

The principal's office has announced arrival of a new senior class member, Sheila Carter.

The school faculty will have a dinner at 6:15 p. m. Thursday in the cafeteria, about 40 adults and 20 children expected to be in attendance.

There is no official connection between the Jaycees and the Chamber of Commerce as national organizations but in their communities the two groups cooperate on many community service projects.

### Interesting Cruiser in Warren Friday

If you see a ten-foot beer bottle perched atop a bus, it's no reason to have your eyes examined. It's merely the way the Miller Brewing Company announces that the High Life Cruiser—a miniature brewery on wheels—is open to the public.

Although hundreds of thousands of people have been guests of the Miller brewery in Milwaukee, the makers of Miller High Life have decided to bring a replica of their huge, modern plant to Warren so that even more could see how beer is brewed in this scientific era.

While in Warren, the Cruiser will be on display at Carver Hotel Lot and will be open to the public

Friday, Dec. 14 from 10 A. M. to 9 P. M.

This beautiful, traveling exhibit tells the story of modern brewing through three-dimensional models and color photographs. A non-technical narration is given visitors as they walk through the Cruiser. The scale models and color transparencies show how the modern brewery looks inside and out. Described are Miller's attractive administration building, brew-house, packaging plant and loading docks as well as fermenting tanks.

A nostalgic note is the replica of Frederick Miller's original Plank Road Brewery of 1855. And a symbol of today is the ten-foot

high revolving model of the famous High Life bottle. The bottle rises hydraulically from the bus' interior to stand on its roof flooded by carefully placed spotlights.

The Miller High Life Cruiser's trip to Warren was arranged by Soda & Mineral Water Co., local distributor for Miller, as a public service to the people of this area.

With an interior of vinyl plastic, stainless steel, and blond wood trim, the Cruiser is carpeted in distinctive Miller Red. It is air-conditioned, carries its own 5,000 Watt power plant, and has automatic controls for its "brewery-tour."

Custom-built for the brewery by

the Flexible Bus Company of Loudonville, Ohio, its interior trim and displays were done by the Dorse Advertising Company of Milwaukee under the direction of Milwaukee's Brooks Stevens, one of the nation's top industrial and automotive designers. The Cruiser is powered by a 144-h. p. Buick FB-320 engine.

### FORESTRY AWARDS

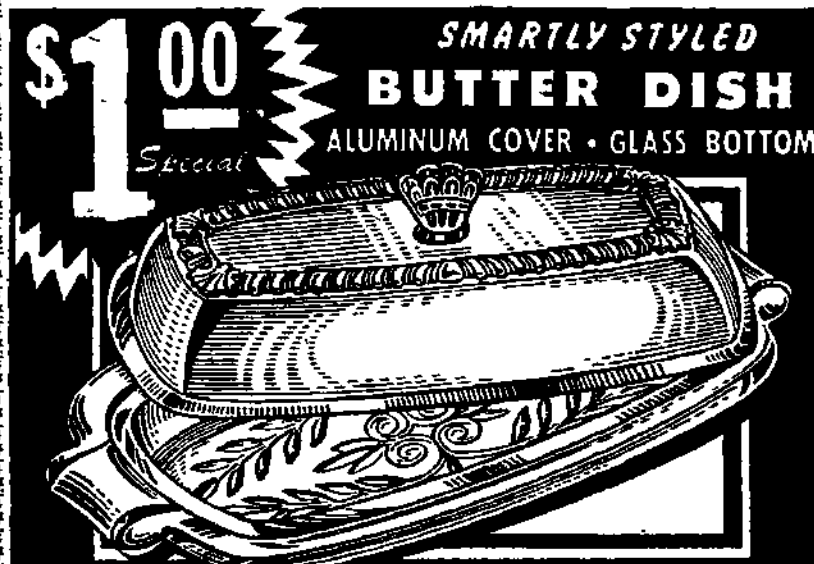

Announcement is received from the Pennsylvania Forest Industries Committee, Harrisburg, that W. H. Alexander, Warren, is one of 19 persons having privately owned, tax-paying woodland tracts

approved for certification as Tree Farms by technical foresters. Certification grants the landowner the right to display the Tree Farm certificate and sign as badges of their practice of wise forest conservation. To win the award, the owner "must protect his land from fire, insects, disease and destructive grazing, while harvesting wood products in such a manner as to insure repeated timber crops."

St. David's Lighthouse in Bermuda, erected in 1879, is made entirely of stone quarried from the ground around it.

**YOUR FOREST RANGER**  
L. E. Stoltz

For the past several years, personnel of the Allegheny National Forest have been patrolling sections of highways and woods roads on the Forest during the first two days of deer season in order to get a cross section of hunting pressure and other important information to help them do a better job of wildlife management.

As one of those participating in this annual survey, I meet a lot of hunters in the field, and the contacts with them are always interesting and pleasant. It gives me the opportunity to explain some of

the things we are trying to accomplish on the Allegheny National Forest, and I get the hunter's reaction to some of the things we do.

This year we measured the girth of deer killed, and from a table which correlated girth with weight we were able to arrive at the approximate weights of these deer. The weight, together with antler development, tell an important story about the amount and quality of the feed that was available to the deer before they fell under the hunters' bullets.

On the first day of the season I interviewed one of the most consistently successful hunters I have ever met. For every buck killed over the years he had a notch on his rifle butt. He had been hunting on the Allegheny National Forest for the past fifteen years, and

his rifle butt bore fourteen notches. While his skill, coupled with a fair share of luck, remained nearly constant throughout this period, the quality of the bucks he killed had steadily declined both in weight and antler development. He still had vivid memories of the fine buck he killed the first year, back in 1941. It weighed 211 pounds hog dressed, and the wide rack had eleven points. In contrast, the buck he got in 1956 had five small points on a tiny rack, and only weighed 90 pounds. He remarked that back fifteen years ago you didn't shoot at the first buck that came along, but hunted until you located one that suited you. Today, however, you had to be satisfied with the first one you saw since you might not get another one within your sights. Some hunters blame the small size of the

deer today on inbreeding, but there is no such thing in wild animals in the forest. Of 31 deer I checked weights on the first day of deer season, the smallest buck weighed 75 pounds, and the largest weighed 175 pounds. The rest averaged around 100 pounds, and twelve out of the thirty-one deer were spike bucks.

Although some hunters still camp in tents during the deer season, more and more are bringing house trailers into the hunting country, and of course an increasing number are building permanent hunting camps on the Forest. The days of roughing it under an improvised canvas "wickieup" are almost a thing of the past.

I encountered one hunter who had spent his younger days hunting from a tent camp. Now he has gone modern, and combines com-

fort with the pleasure of hunting. I visited his big house trailer parked at the side of a Forest Service road in the heart of good hunting country. He had a portable power plant running which furnished him with electric lights, and ran the electric blower in the circulating oil heater. For entertainment in the evenings he had perfect reception on the television set with which this luxurious house trailer was equipped. A jeep station wagon with 4-wheel drive, and chains on all four wheels, insured him against being stuck there for the winter.

# No More Detergent Hands Say Team Of Investigators

Chicago (AP)—Fear of developing a severe case of "housewives' hands" should be no excuse for ducking a bout with the dishpan or washing machine, a team of medical investigators reported today.

They said tests on more than 200 women indicated that a strong laundry detergent and an all-purpose soap powder tested caused no ill effects, either on normal skin or among persons suffering from various skin disorders.

They displayed an exhibit of their study at the fifteenth annual meeting of the American Academy of Dermatology and Syphilology.

The investigators, Drs. Raymond R. Suskind, Samuel R. Scheen and Morris Meister of the University of Cincinnati College of Medicine, said that "commonly used household soaps and synthetic detergent products do not appear to sensitize the skin allergically."

They said the trouble in some women may be caused by other chemicals or solvents with which the housewives come into daily contact, chronic bacterial or fungal infection or even the "tensions and stress of social environment."

## Seek Early

(From Page One)

saying it would infringe on Egyptian sovereignty.

Port Said, Egypt (AP) — The Egyptian underground says it kidnapped and killed a young British lieutenant.

The report was brought to British headquarters last night in the face of British insistence that the lieutenant be returned quickly—and alive.

The British - French occupation command awaited firmer evidence before conceding the officer had been killed. But British Lt. Gen. Sir Hugh Stockwell, the occupation chief, let it be understood that some action would follow if the officer was not given up alive.

The kidnapping was the latest of a string of actions by the underground to harass the rapidly diminishing British and French forces in the process of withdrawing from Egypt at the demand of the U. N. General Assembly.

Lt. A. G. Moorehouse, leader of a patrol that captured seven Egyptian commandos Monday night hiding in a dentist's apartment, stopped his jeep in the same street yesterday morning to talk to a man.

An Arab boy said he saw three men force the British officer into a taxi at the point of the lieutenant's own gun.

The car was found later—its interior bloodstained. A gag and rope were inside.

## Protest Strike

(From Page One)

Soviet troops were reported moving to wipe out a band of rebel guerrillas holding out in the hills northwest of Budapest. Informed Hungarian sources said the freedom fighters were encircled but fighting to escape extinction.

The general strike, ordered to last until midnight tonight, brought industry and commerce almost to a standstill on its first day. A Yugoslav correspondent reported from Budapest that at least 80 per cent of Hungary's workers obeyed the cease work order from the outlawed Central Workers' Council. Other dispatches said the work stoppage was nearly 100 per cent effective in the provinces.

Moscow radio and Kadar's Budapest broadcasting station played down the effectiveness of the strike, called to protest the Kadar regime's dictatorial actions.

But in its next words Budapest radio pleaded for a return to normalcy.

**TANK NEARS COMPLETION**—The 1,000,000-gallon water storage tank being erected by Warren Water Company on Tanner Hill nears completion. Dan Troxell, company manager, says a year-end finishing date is anticipated. The 40-foot high tank, prefabricated by Hammond Iron Works, will eventually replace the old Reservoir on Bunker Hill and allow the water works to even out pumping. Now, because of storage space lack, the pump house works furiously during the day and idles at night. Sixteen-inch pipe is being laid up Liberty street to connect the tank with the water mains. Project cost is approximately \$90,000. Timesphoto by Jack Pedersen.

**NEW AVIATION CLUB PLANE**—The first airplane to be purchased by the new Warren Aviation Club arrived in town last week. The craft is a 65-horsepower, 1220-pound Aeronca Champ. The plane is the first of three expected to be purchased by the club which is encouraging more members who are interested in flying or learning how. From left are club members Sherman VanPelt, official mechanic Gilbert Nelson and Melvin Barron, airport manager. Those interested in joining the outfit may contact Barron at the airport. Timesphoto by Jack Pedersen.

## Name in Who's

(From Page One)

will be published by the A. N. Marquis Company, Chicago in July 1957.

The biographical sketch that will appear in the book follows:

"Chapman, Arthur L., electronics exec., b. Trumountain, Mich., 1910. Vice pres operations Sylvania Electronics div., Buffalo, parts div., Warren, Pa., radio and television div., Buffalo, radio tube div., Emporium Pa., television picture tube div., Seneca Falls, N. Y. Mason (Shriner), Elk Home. 17 Jackson Av., Warren, Pa. Office 1740 Broadway, N.Y.C., also 12 2d Av. Warren, Pa."

Who's Who in Commerce and Industry is compiled by the editors of "Who's Who in America" under the same standards of integrity and reference value which have distinguished Marquis publications since the 1890's. The tenth edition, prepared under the supervision of the company's owners of many years' standing, will contain about 24,500 listings. It will include the unique index catalog of Selected Principal Business, which refers the book's users from a company name to biographical sketches of executives of the company.

## Spectacular Fire

(From Page One)

When they arrived that nothing could be done except wet down adjoining buildings which were saved. Firemen conjectured that spontaneous combustion touched off the blaze. Hay in the burned out foundations of the structure was still burning this morning and at 2 a. m. flames 20 feet high were visible for miles.

A crew was still on duty at 1 a. m. this morning turning away would-be spectators part of the group which had already clogged the road leading to the inferno and chucked up the Zimmerman lawn.

**WEAPON SHORTAGE**  
When the Declaration of Independence was adopted in July of 1776, one-fourth of the continental army was without weapons. Muskets were so scarce, Benjamin Franklin advised the use of bows and arrows, while New York ordered militiamen without guns to arm themselves with shovels, pickaxes and scythes.

## Grave Danger

(From Page One)

ment appeared to be emerging that there must be closer political consultation within NATO.

Von Brentano told reporters the talks ranged over the need to restore unrestricted navigation through Suez, to hasten an Israeli-Arab peace settlement and to settle the British-Turkish-Greek dispute over Cyprus.

Any military intervention in such a situation already has been ruled out by U. S. Secretary of State Dulles, who told the council members yesterday they must adhere strictly to principles of the U. N. Charter, including renunciation of force as an instrument of national policy.

## Haiti Gripped

(From Page One)

I left Port-au-Prince last night after five days there. The explosive situation hit a climax last week.

On Thursday, Magloire resigned as president. Under one interpretation of the constitution, his six-year term ended Dec. 6. The Haitian constitution does not permit a president to succeed himself. Hours later, however, Magloire resumed office as "chief of state," presumably at the request of the army.

## Erie Motorist Skids Into Bridge Abutment

State Troopers investigated an accident yesterday at dusk and another this morning. At 7:25 a. m. today Dr. Peter King 29, of State Hospital attempted to pass a westbound machine on Fourth Avenue just as the lead driver swung left on Liberty street. He ran into another State Hospital employee, Carl F. Glans, 61, of 305 Division Street, according to Troopers. Total damages amounted to \$150.

In the accident at 4:50 p. m. yesterday, an Erie woman suffered bruised ribs when the car in which she was riding skidded into a bridge abutment on Route 6 one-half miles east of Warren. Dale McGee, 49, of Erie, driver of the car, told Troopers he came up behind a coal truck which had no lights. Attempting to swing off the road on the right to avoid the truck, and oncoming traffic, McGee skidded on the berm and crashed sideways into a bridge rail near the Kendall station. His wife, Thelma, bruised her ribs. Damages amounted to ap-

# Christmas Ensemble Has a Homemade Charm

BY KAY SHERWOOD  
NEA Staff Writer

WITH the aid of your sewing machine you can produce a spectacular Christmas setting for your own home or for an extra-special gift for a holiday bride.

New materials used in new ways join with simple stitching to create elegant effects.

Pellon, the new, non-woven, washable stiffening fabric used in many fashions, teams up with new, lacy fishnet threaded with gold and gold braid, in place mats, table runner, cafe curtains and a bouffant matching apron.

Pink and gold are the colors used in the setting I saw, but color choices and combinations are almost unlimited. (Versatile pellon is also used to make angels and a feathery Christmas tree to match.)

**AS A GUIDE** to how much material you'll need, six yards each of the pink lace and pink pellon and 29 yards of ½-inch gold braid, plus one yard of glazed chintz (for apron ties) provided enough material for four 36-inch cafe curtain panels, one apron, four 15-inch round place mats and one runner, 108 inches long.

Cut out 36-inch square panels from lace and pellon. Make five 7-inch scallops at the top of each. Stitch, leaving opening for turning inside-out. Turn inside-out and close opening.

Trim each panel with two rows of gold braid, and applique a gold braid bow at the outer edge of each panel.

**FOR THE APRON**, cut an 18-inch length of lace and pellon. Stitch together on three sides, turn inside-out.

Stitch gold braid in two-bands three and five inches from bottom. Gather top (open edge) to 18 inches.

Cut two 7-inch-wide bias ties from chintz and one 19-inch strip for waistband. Stitch 19-inch strip of lace to waistband, turn

**Homemade Christmas setting** is an ensemble in pink and gold. Matching place mats, apron and curtains are of lace fishnet, stitched to pellon fabric and trimmed in gold braid. Angels and Christmas tree are made from pellon, and Christmas cards are clipped to gold cord on curtains with gold-sprayed clothespins.

inside-out and join to apron, edges of joining seam should be leaving ends open.

Hem ties and insert at open ends, stitch in place.

**ENDS REMAINDER** of the fabrics, cut two strips 12 inches wide and 54 inches long and four 15-inch circles.

For the runner, cut one of the 12x54-inch strips in half. Join one of these to each end of the 54-inch strip, working with the lace and pellon as one. (Raw

Have the joining where it is covered by extension of bow. I should add that the whole ensemble is washable. Another point worth mentioning is that, while fishnet comes in a wide variety of patterns, the one used for this setting and the one which I used when trying out these directions is a tradewinds pattern that combines an open mesh weave with enough firmness to make it easy to handle.

For added Christmas sparkle, the curtains can be decorated with gold cord and gold-sprayed clothespins from which Christmas cards can be hung. Angels to match the setting are made by pasting pink pellon on cardboard, cut out in angel shapes, hand-painted and sprinkled with glitter.

**TO BUILD** a feathery Christmas tree, you'll need two yards of white pellon and three packages of No. 15 cut wire 27 inches long, rubber cement and flower or bead wire.

The fabric is cut in inch-wide strips and one edge is fringed. Brush rubber cement on a straight edge and let dry. Brush wires with rubber cement and let dry.

Beginning at top of one wire, wrap straight edge of strips spirally downward about four inches. Join three wires which have had three inches at one end fringe-wrapped. (Join with several turns of fine wire.)

Continue wrapping another four inches and join on more branches, wrapped four and six inches with fringe.

Heavier branches at the base have twigs added, although branches can be added or subtracted to suit your fancy.

**JUST BE SURE** that both wire and fabric edges are brushed with rubber cement to insure a good bond.

When you finish the job, you'll have a sturdy trunk of wires. Coil these around to form the tree base and conceal with a scrlet of the fabric.

## Writer's Workshop Meeting Tonight

Writer's Workshop, which has been constantly expanding since its first meeting some six weeks ago, will meet tonight at 8 o'clock under the temporary chairmanship of Don Neal.

In the Jefferson Room of Warren Public Library the group will discuss members' writings, both new and revised, attempting to give authors the benefit of each others' experience and viewpoint. Of course one of the chief interests of the group is writing saleable material, and several members have already sold magazine articles.

No particular pattern has yet been established for conducting the workshop, and thus far there has been considerable variation. During a recent meeting individuals read their own material prepared on the previously decided theme of snow. Interestingly enough, most of the ideas turned out as poetry. From "Sno Use" to "Leave Snow to the Poets."

Other material discussed at the weekly Wednesday night meetings has included both fiction and non-fiction—how-to-do-it's with photographic illustration, descriptive pieces, short stories, and even juvenile fiction.

New works will probably be the theme of tonight's meeting, and the public is cordially invited to join the writer's group.

## Two Big Steel

(From Page One)

they hope the government's legal action will be "speedily determined by the courts."

Bethlehem Chairman Eugene G. Grace and J. L. Mauthe, chairman of Youngstown, announced the Justice Department had formally advised them "it intends to sue to enjoin the proposed acquisition on the grounds that it would violate the antitrust laws."

The proposed merger would not affect U. S. Steel's position as largest in the industry.

It would be one of the biggest in history, creating a company with assets around 2½ billion dollars.

## Allegheny Newspapers Must Pay Machinery Tax

Pittsburgh, (AP) — Newspapers in Allegheny County must pay the county's machinery tax.

That ruling was handed down yesterday by Allegheny County Court Judge James M. Guffey in answer to an appeal by the Messenger Publishing Co., of Homestead, publisher of the Homestead Daily Messenger.

The Board of Property Assessment, Appeal and Review had set the machinery tax assessment on the firm's press equipment at \$22,130.

The newspaper appealed the assessment, contending a publishing firm is not an industrial plant and is not subject to the machinery tax.

# Warren Comes From Behind To Beat Jamestown 75-68

## LUE AND WHITE REGAIN LEAD IN THIRD QUARTER OF GAME

By JACK PEDERSEN

Warren Dragons put Jamestown Raiders down to defeat last night 75 to 68 in an exciting, fast-moving game before a packed use on Beatty court.

Dragons grabbed the opening half and raced to an early lead. Mohnkern, Rickerson and Lue, swishing the way, nudging back, Jamestown stormed a 26-20 edge when period one ended.

Second stanza play found Warren again starting strong until a lting defense coupled with mestown adrenalin to tie the lly at 36-36 with 30 seconds to go. Then Battaglia and Ansley d a couple shots up and the ers boasted a 40-36 margin at e first half. Jamestown quinet (shot the Dragons 20 to 13 to ke the lead.

Third frame was a nip and tuck ttle with some wild ball handling tled locally by Ken Hoffman and s accurate set shooting. Dragons gained the lead 48-46 with three inutes remaining and the period ended 53-50, with Warren eeking e margin.

Fourth and final canto found the alder downfall tumbling behind enous Dragon fast breaks. over, falling in the scorer's clock, s added to Warren offense which rged ahead to a 63-55 "probable" ith three minutes remaining. Fi- l buzzing of 73-68 gave Dra- ms a decisive win, fourth in four mes.

Massmen averages were good y they posted 43 percent from the or and 51 per cent from foul line. aiders hit 49 per cent from the or, 54 from free line. (Jim Gib- n was percentage personage).

Jim Mohnkern was top Dragon ith 23 points, followed by Lund- ist with 14, Hoffman and Rick- on with 13 and Dahl, 10. Ans-

### FRIDAY NIGHT'S SCHOLASTIC GAMES

Northern Area at Wattsburg. Saegertown at Fairview. Academy at Wesleyville. Conneaut Valley at Albion. West Springfield at Waterford. McKean at North East. Corry at Union City. Edinboro at Cambridge Springs. Sharpsville at Ellwood City. Greenville at Franklin. Sheffield at Youngsville. DuBois at Kane. Lanesville at Fredonia. Brockway at Ridgway. East at Meadville. Bradford at Brookville. Oil City at Tech. Titusville at Grove City. Jamestown at Conneaut Lake. Randolph at Meadville St. Agatha. Westinghouse at Aliquippa. Harborcreek at Corry. St. Marys at Smethport. Johnstown at Port Allegheny. (Note: Warren High is idle until Friday night, December 21, when Youngsville will be the opponent at Beatty court.)

## Eagles Lose To Lawrence Park By 55-45 Score

Youngsville Eagles, who bowed to Warren in their initial court engagement of the season, took a second loss last night at Lawrence Park, Erie, returning home on the short end of a 55-45 total.

Wagner and Markowitz, Erie, officiated for a fast-moving game that saw Youngsville leading by two points at the end of the first period, scoring 11 points to the Parkers 12 in the second quarter; and seeing their opponents take a five-point lead, 18-13, in the third frame and moving ahead 15 to 9 in the closing period.

Next game on the Eagles' schedule will be against Sheffield Wolverines in the Youngsville gym on Friday night.

Team lineups for last night:

## Planner Predicts No Poverty in the Nation in 20 Years

Washington (AP)—Poverty may be conquered in the United States within the next 20 years, H. Christian Sonne, chairman of the National Planning Association, has predicted.

But Sonne said this "age-old dream" will not be realized unless peace is maintained and "we use our resources wisely."

"In the domestic field," he said in an address prepared for the annual meeting of the association's council, "adequate economic growth and effective price stabilization must be our major objectives."

"In the foreign field, we must recognize that we cannot use 18th and 19th century measures to cope with mid-20th century problems."

The National Planning Association describes itself as a non-profit, nonpolitical organization representing agriculture, business, labor and the professions.

Sonne told its leaders to beware of history's lesson—"the inevitable fall—either from within or without—of societies that have prospective and leisure in the midst of poverty and drudgery, either at home or abroad."

He said the discrepancies between America's living standards and those of the greater part of the world are "already dangerously large," and added:

"In such circumstances American assistance would appear to be indispensable."

"A foreign economic policy in our best national interest would call for a continued, long-term partnership plan—which I would like to see President Eisenhower announce."

Under this plan, low interest loans would be granted to all lesser developed and needy free nations as long as such loans were in mutually agreed upon ways for the increase of their productivity.

"The disparity between American standards of living and those of the outside world must be narrowed and not widened during the next two decades lest we invite disaster."

## Major League Club Owners Give Hand To Minor Circuits

Chicago (AP)—Major league club owners, in a surprisingly brief winter meeting, extended a helping hand to the minor leagues and loosed a swift kick at collegiate baseball.

The owners yesterday concluded their Chicago conclave a day ahead of schedule by:

1. Setting a 28-player limit per club for opening day which will hustle as many as 64 players to an April minor league start.
2. Rescinding a rule banning the signing of a collegiate player after he has reached his sophomore year. The rule prevailed three years.

The latter action brought a howl of protest from collegiate baseball coaches who depicted it as an obvious move to steal talent from campus diamonds.

Commissioner Ford Frick explained that the old rule was unworkable because minor leagues never agreed to any collegiate restriction and the majors could sign college players "through the back door."

The minors can sign a collegian for \$4,000, but by devious approach, a big league team previously could "make an arrangement" with a collegiate star through its minor league affiliate regardless of his year in college.

The major league club owners adopted all measures passed by the minors at Jacksonville. This comparative "love-feast" at Chicago also ended with a dearth of action on the training mart.

## Speaking Of Sports ---

Joe DeVittorio, son of Mr. and Mrs. Carl DeVittorio, 8 Beatty Court, is showing up well in the most highly contested "heavy" wrestling at Allegheny College which opened its grappling season with Hiram yesterday (Tuesday). Joe is a senior this year.

Shouldn't happen, but a 19-year-old Titusville youth who bagged his first buck Saturday in Southwest Township had the deer taken from him by an Ohio hunter who claimed he shot it. Gary Mathews, son of Mr. and Mrs. William Mathews, 515 S. Perry street, shot twice and hit the deer through the neck and through the shoulder. After the deer fell to the ground he heard another shot. An Ohio hunter went to the animal and said it was his kill. The youth asked him where he hit the deer and the hunter answered in the neck and shoulder, almost impossible with a single shot.

John Howlett, 17, of RD, Emporium is still in custody of his parents pending the verdict of a coroner's inquest. A week ago Saturday the youth raised his 30-30 and fired away at what he presumed to be a bear crashing through the woods near Emporium. When the smoke cleared he discovered that instead of a bear he had shot and killed Albert Micklich, about 50, of Emporium who was driving a jeep through the woods. The 30-30 slug passed through Micklich's body, killing him instantly and wounding another man in the jeep. Howlett said he mistook the jeep, which was traveling over an abandoned road, for a bear.

Two of the brightest stars in the Pirates' future are outfielders Bill Virdon and Roberto Clemente, the number two and three batters in the National League in 1956, and a pair of fleet-footed, fast-throwing flyhawks.

The 25-year-old Virdon, a south-paw swinger, was hitting a miserable .211 when he joined the Pirates from St. Louis in mid-season, and almost took the League batting championship from Mank Aaron of Milwaukee in the final month of the season, hitting .319. If only Bill's average as a Pirate counted, he would have taken the batting crown easily. He hit .334 in the 133 games in which he saw action wearing the black and gold flannels of the Bragmen.

Virdon swung his most potent bat against the League Champion Dodgers, hitting .417 in 15 games. Against Cincinnati and Milwaukee pitching he hit .338. Virdon saw action against the Braves the most times, appearing in 22 games and got 27 hits. A third of his nine triples came off New York hurling and he hit .319 against the Giants. Most of Virdon's RBIs came against the Phillies—9, and so did two of his homers. He also hit .319 against the Philadelphia club. He scored the most runs, 14, against his old teammates, the Cardinals, while hitting .316. Bill came to bat most against the Cubs

Clemente, who is 22-years-old and a righthander, finished the season with a .311 average, third highest in the League and the highest he's ever hit in his three years as a professional baseball player. Roberto's highest average was made against the Cubs. He walloped Chicago pitching for .26 hits in 22 games, drove in 15 runs with three doubles, two triples and three homers for a .400 mark.

Roberto is a favorite of Pittsburgh fans, who shout "Arriba" whenever he comes to bat. The "Voice of the Pirates" Bob Prince, originated the "Arriba" cheer for Clemente. Prince, who had been learning Spanish in order to talk to Clemente, Lino Donoso and other Latin American players, heard Donoso say "Arriba" to Clemente. Prince was told that in literal translation it means, "arise, awake, let's go." "It sounded so colorful and fast it just seemed to suit Clemente," Prince explains. "And I decided that's what I'd call him." The fans have taken up the "Arriba" and Clemente thinks it's "Bueno, bueno," which means good.

Roberto collected 26 hits against Philadelphia and New York and scored the most runs, 15, and made the most doubles, 8, against the Phils, while hitting .342. Against Cincinnati he hit .316 and .313 against the Giants. Brooklyn, Milwaukee and St. Louis were the only clubs to quiet his bat in 1956. He hit .282, .278 and .272 respectively against them.

## YMCA League Opens Thursday; Rosters Completed at Session Last Night; Five Teams Ready

YMCA City Basketball League will tip-off Thursday night, according to an announcement today by "Y" physical director Robert Hamrick and league president Nick Creola.

Five team rosters have been selected with final placements coming last night. First game Thursday begins at 7 p. m., second contest about 8 o'clock. Those will be permanent starting hours for the regular Monday and Thursday games.

Team names have yet to be chosen so rosters listed below are known temporarily as Team 1, Team 2, etc. (Team 1 plays Team 3 at 7 p. m. Thursday and Team 2 goes against Team 4 in the 8 p. m. fracas).

Men on Team 1 are Dave Bathurst, Rick Sealise, Bob Shank, Jim Sigworth, Frank Denardi, Carl Falvo, Jim Tridico, Speedy Spedic and John Castagnino.

Team 2: Bob Wolfe, Bob Reese, Chuck Reese, Louie Hartweg, Cliff Jenkins, Jim Moore, Kenny Lundahl, Denny Cooper, Jim Kidder, Dennis Hedges.

Team 3: Paul Bova, Pete Bova, John Tassone, Chuck Halle, Dick Rodgers, Bob Hartnett, Bruce

Quinta, Dick Hartnett, Pat Madden, Bill Weidert.

Team 4: Dick Tannier, Lee Weidmer, John Weidmer, Jim Steudeman, Tom Trawick, Don Pratt, Blair Jones, Nick Creola, Sr., Joe Guffire, Ron Sanden.

Team 5: Garrett, Rassmussen, Griffin, Obinger, Sealise, Brooker, Buerkle, R. Zerbe, E. Sharp, B. Hammerbeck.

## Wolverines Defeat Marienville by a Margin of 48 to 31

Sheffield Wolverines made it two in a row last night by turning back East Forest 48-31.

Coach Ralph Santos' boys took a 18-7 lead at the first quarter whistle and Marienville couldn't catch up despite outscoring the Wolverines the next two periods.

Sheffield clinched the contest in the fourth when they poured through 16 points to EP's 6. Jerry Slater took Sheffield scoring honors with 14 points, and George Andrews had 10. Leichtenberger was high Forester with 12.

Only a fair-sized crowd was on hand for the clash at Sheffield. Next Wolverine fray is at Youngsville Friday.

In the preliminary, Sheffield Jayvees routed the Marienville five, 54-28.

## Tidioute Quintet Leads Sparta the Route, Wins 49-35

Tidioute won its first contest going away last night as they continued to pad their lead until the final gun ended the home contest 49-35, with Spartans holding the short end.

It was the sharpshooting forward Tom McManigle who led his mates to victory with 23 big points, courtesy of 11 field goals and a single free throw. Next high scorer was George Svoda who racked 10.

Big men for Sparta were Troy Rasey with 12 and Jerry Bailey with 14. The Orange and Black quintet led the game 13-8 at the end of the first quarter and except for a 10-10 scoring deadlock in the third, padded the bulge in each successive period.

## Clemson's Victory Over North Carolina Surprises Experts

By ED WILKS  
The Associated Press

Things are tough all over in college basketball. First Louisville, then Kentucky were knocked off, and now North Carolina State has come a cropper in a topsy-turvy three nights for the suspected "powers."

Louisville was chilled 76-74 by Canisius Saturday. Kentucky was spilled 71-70 by St. Louis Monday. Last night, N. C. State, ranked eighth in the first Associated Press poll of the season, took the rap with a 96-94 overtime defeat by Clemson, an infrequent winner.

The Tigers hadn't beaten State since 1941.

Southern Methodist and Alabama, the only other top 10 members in action, stayed unbeaten with ease.

SMU, rated No. 5, topped Wichita 98-70. "Bama, No. 9, rapped little Howard (Aia) 109-88.

Clemson counted 10 points in the last 3 minutes to gain an 86-all deadlock at the end of the regulation time with eight points scored by Vince Yockel, who was the high scorer with 31. Bill Yarbrough sank four consecutive free throws to break things open for Clemson in the overtime.

Washington and Lee blew a 10-point lead in the final minute of regulation play and had to battle through an overtime period to beat Richmond 86-83 in a Southern Conference game.

In another overtime thriller, Wake Forest got past Virginia 60-55 for an ACC victory.

Pennsylvania Results: Lafayette 84, LaSalle 75; F & M 85, Ursinus 60; Clarion Teachers 86, Slippery Rock Teachers 83; Indiana Teachers 84, California Teachers 82; Carnegie Tech 72, Gannon 63.

## Junior Dragons Wallop Jamestown Jayvees, 65 to 37

By ELLIS HAWKINS

Dragon Jayvees outscored the Jamestown boys in each period to post a 65-37 win last night. They've been riding the winners path for four games now, and it looks like they have no intention of stopping.

Yerg and Creola were scoring champs for the game, each having eight field goals and two free throws. That means eighteen points Anderson had seventeen points for Junior Jamestowners.

The young Raiders had a little trouble keeping track of the ball. It had a tendency to get out of hand with an opening and presenting themselves at every opportunity. The Raiders had plenty of spirit, though. One boy chased full speed after the ball to keep it from going out of bounds. He was successful but rather surprised students by landing upon it in the third row.

Jayvees' next game will be with Youngsville on the twenty-first.

## Syracuse Player Judged Best In Football Record

New York (AP)—All-America Jimmy Brown's record 43 points for Syracuse against Colgate has been judged the outstanding one-game performance by a player in the 1956 college football season.

Despite the heavy support received by the senior halfback, Brown won by only a narrow margin over Illinois' Abe Woodson for his great day against Michigan State.

The balloting was part of the annual Associated Press post-season grid survey.

In the Syracuse regular-season finale, Brown, a 212-pounder from Manhasset, N. Y., rang up six touchdowns and seven conversions as the orangemen defeated Colgate 61-7. Woodson, a 185-pound halfback from Chicago, was the man who fashioned a headline-making 20-13 upset over Michigan State.

### America's Davis Cup Hopes Are Given Another Big Jolt

Perth, Australia (AP)—America's already almost impossible Davis Cup hopes received another jolt today when veteran Vic Seixas turned up with a shoulder ailment which may keep him out of both the interzone and challenge round matches.

Seixas turned up with the ailment in practice today and said it was so painful he could hardly hit a backhand.

Captain Bill Talbert, who had nominated Seixas and Herbie Flam for Friday's opening interzone singles against India, said he still hoped to use Vic, but would wait the outcome of an examination.

Talbert said he was not overly worried about the injury and believed it to be minor. He said Seixas, who is 33, had come up with similar injuries before and thrown them off.

**ALL FOAM RUBBER CUSHIONS . . . LUXURY AT REALLY SENSATIONAL SAVINGS**

**STRATFORD Styling and Quality . . . Exclusive At METZGER-WRIGHT**

Although we have offered many fine Stratford furniture buys in the past . . . this gigantic sale of a new 3 piece sectional, surpasses any savings we have ever offered. This is truly fine furniture with deep comfortable all foam rubber cushions and wide, wide foam rubber arms. You'll recognize the fine styling immediately . . . mountain valley welting, graceful tapered legs finished in gold tipped ferrules. In fact, an expert couldn't tell this from a custom 3 piece sectional. And just wait till you see the fabulous array of textured decorator fabrics in these delightful new colors . . . red, beige, natural or turquoise. See this furniture buy of the year . . . and save.
